

Chapter: 351

When he finished speaking, the family of three in the room was already dumbfounded, especially Liu Suhong and Chu Huaxiong, they were even more dumbfounded, with big eyes and small eyes, how could they not believe it was true!

After a long time, Liu Suhong said, "Son, you misunderstood the wrong person, just like Lin Ziming, who can he be?"

Chu Huaxiong also expressed his suspicion. Lin Ziming has been in the family for four years. Can they still not know what background he is?

Only Chu Fei shook her head tightly and lowered her head, her expression full of endless complexity.

In fact, deep in her heart, she somewhat believed Chu Tian's words.

But the more it was, the less it was for her.

Chu Tian tried his best to defend, "It's true! What did I lie to you for? I was 20 meters away from my brother-in-law, and I could see clearly. I was still curious why my brother-in-law ignored me. It turned out to be a divorce from my sister. Got. Confused, confused, a big man like my brother-in-law, letting him go is a huge loss for our family!"

Seeing Chu Tian's excitement, it was not like joking. Liu Suhong and Chu Huaxiong became more shocked and regretted more. Is it possible that Lin Ziming is really a big shot?

Unsurprisingly tonight, Chu Fei had insomnia again. Chu Tian's words have been lingering in her mind, and she can imagine how Lin Ziming was flattered by many bosses at that time.

The next day, she was in many groups and saw what happened to Chairman Zi Qiong at Guo Huang's engagement banquet last night, and she still showed up as Guo Junyi's girlfriend and directly regretted the marriage, which made the Huang family lose face. In the end, Huang Wenhua also had a mental breakdown and became neurotic.

No less than ten groups of Chu Fei have seen this kind of information, but it is strange that there are no videos or pictures circulating, and no one mentions that Chairman Zi Qiong is the son-in-law of the Chu family.

Just kidding, at this time, who would dare to say that Chairman Zi Qiong is the son-in-law of the Chu family. After all, this is Lin Ziming's dark history. The people present are all big bosses with high emotional intelligence. How could they be so stupid? Thing? If it reaches Lin Ziming and offends this big man, it will be unlucky. As for those who are not present, they won't even think about it in this direction.

So at the end of the day, Chu Fei didn't know that Chairman Zi Qiong was his ex-husband, the man she had hurt.

When she read this message, she felt even more uncomfortable. It turned out that Chairman Michelle liked not her, but Guo Junyi. She was even more

affectionate.

Ugh.....

Maybe Lin Ziming was also there, right?

Now she regrets that she has gone to this engagement banquet.

Another day later, another big event happened in the Hwaseong Business Circle. Ziqiong Media established an advertising branch with a registered capital of more than 50 million, and it wanted to compete with Ascendas.

And in the follow-up, one billion yuan was invested in successively, and the popularity of this advertising branch immediately rose.

This company was naturally founded by Lin Ziming. With his current financial resources and abilities, within half a year, it will be at the same level as Tengfei, and within one year, it will be able to squeeze it down.

Another week passed in a blink of an eye. During this week, Lin Ziming didn't do anything, so he stayed with the ugly master for special training. He wants to use the devil training to retrieve all the strength he has lost in the past few years, and then be upright. He went back to Lin's house and retrieved his belongings.
