Lin.

In a luxurious and atmospheric villa, the indoor swimming pool is obviously snowing and freezing cold outside, but in the villa it is harsh as summer. The villa covers an area of more than two thousand square meters, all wrapped in a huge In the barrier, there are high-power heaters in eight directions to continuously provide heat.

It is a sign that the interior is as harsh as summer.

In the swimming pool, there are dozens of young girls swimming, especially temptation, it is a paradise for men.

And beside the swimming pool, there is a man sitting on a beach chair. His skin is white, full of luster, elasticity, and beautiful muscles, which is much more graceful than those who are strong and fit. The key point is that these muscles are full of explosive power. This man is enjoying the service of four beautiful and flowery beauties. Two beauties are massaging him, and two beauties are applying sunscreen for him.

He is exactly Lin Ziming's half-brother, Lin Zihao.

Now he is holding a tablet computer in his hand, with a video playing on it, which is exactly what happened to the engagement banquet between the Guo family and the Huang family. Come out to deter everyone.

This video is not very clear, and the picture quality is a bit poor, but fortunately, it is not too vague. You can still see Lin Ziming's appearance and what he said is also very clear.

Lin Zihao watched with gusto, with a meaningful smile on his face. When he saw the ugly master appearing and calling Lin Ziming to be Mr. Lin, his pupils shrank severely, and his mouth murmured. Language: "Joker, is this your choice?"

"Do you think Lin Ziming is the real son?"

"Hmph, I will let you know how wrong your choice is!"

"Since you have chosen him, then accompany him to hell!"

After Lin Zihao watched the video, he rubbed the tablet lightly. It turned out to be like paper, crumpled into a ball by him. The battery was deformed and burned in his hands, and he didn't care at all. It was this scene that shocked the four beauties who served him.

"Lin Ziming, Lin Ziming, you are awe-inspiring. Take the legacy left to you by the dead old man, squander it and pretend to be forced. It's a pity that such a good day will not last long. You are destined to be me. He's dead soul. I will let the action tell the dead old man that choosing you is the biggest mistake he has made in his life!"

After saying this, he stood up, jumped two or three times, and was transferred to the diving platform at a distance of five meters. Then he jumped and fell in an extremely beautiful posture, and fell into the water.

There was no spray at all. There are splashes.

.....

boom!

boom!

Bang bang bang! !

In another villa, there is no expensive barrier like Lin Zihao surrounded, creating a summer environment, here, the same temperature as the sky and the earth, the same cold, snowflakes rolling down one by one.

There is a naked upper body, exuding a hot breath, and snowflakes falling on him will quickly evaporate.

This person is naturally Lin Ziming, and he has been special training here for a week.

His special training is more cruel than the training of the most powerful special forces in the world. It is not that he has a strong physique and cannot be sustained at all!

Moreover, special training like him cannot be carried out without sufficient financial support. Because the medicinal materials he consumes every day are an astronomical number, and only this way can he make up for the four-year-old cultivation base in just one week!

Every special training is a great exercise of will for him. Ordinary people can't hold it for ten minutes, let alone hold it for a week.

Fortunately, Huang Tian paid his attention. After this week of devil training, Lin Ziming received excellent results. He could clearly feel his own strength, not only the explosive growth of his physical strength, but also his vision, ear power, and sense of smell. The senses have improved a lot.
