

Chapter: 354

Seeing this acquaintance, Lin Ziming's heart was suddenly tightened! Breathing also rose rapidly, and there was a momentary blank in his mind! He was still driving the car at a speed of sixty per hour. Because of the gap in this moment, he almost ran into the car in front of him. He was so scared that he rushed to the emergency brake and ran into it within half a meter. Because of his sudden braking, everyone around him was shocked, including the 'acquaintance'.

He just stopped next to this 'acquaintance', and the other person looked over. Fortunately, there was a film on his car window, so people couldn't get in from the outside, so although the other person looked over, he didn't see it. When he reached him, he just frowned and was a little displeased. He felt that the driver was too reckless. He drove in such a hurry and even spilled sewage on her pants.

Being stared at by this 'acquaintance', Lin Ziming only felt inexplicably panic.

Soon he realized that he was in the car and the other party could not see him, so he began to relax a little.

Wrong, this 'acquaintance' standing on the side of the road is not someone, but Chu Fei who has been facing him day and night for four years!

Lin Ziming blinked vigorously, wondering if he had read it wrong, but the facts were before him, it was not that he had read it wrong, but it was Chu Fei! Is this a coincidence? He came here with great difficulty, and unexpectedly ran into Chu Fei? If it wasn't for the facts before him, Lin Ziming couldn't believe it.

Encountering this incident is actually not a weird thing to say. With Lin Ziming's current concentration, no matter how accidentally he would have such a big reaction.

The key is Chu Fei, so everything is different.

But why did Chu Fei come here alone? Logically speaking, Chu Fei is now the chairman of Centec. If she travels, how can she have a private car to accompany her, right?

At this moment, from the other direction, a Maserati president drove over and stopped behind Lin Ziming. Then, a man in casual clothes walked out of the car, handsome and exceptionally handsome, just like him. , It is said that there are people who believe in male models.

In addition, he drove the president of Maserati, so when he appeared, he immediately attracted the attention of many people around him, especially for those women, it was absolutely fatal temptation.

After all, this is super handsome, rich and handsome, and it is difficult to meet one in a thousand people.

This super rich and handsome walked to Chu Fei with a sunny and confident

smile on his face, full of lethality. Chu Fei saw the same smile on his face, and took the initiative to greet him and shook hands with the other party.

“Chu, I’m sorry, I made you wait a long time.” Gao Fushuai walked in front of Chu Fei and said with a polite smile.

Chu Fei said: “Mr Xiao is polite, I just arrived.”

A strong fragrance of men’s perfume exuded from Mr. Xiao, causing Chu Fei to frown slightly. She did not reject men who sprayed perfume, but she couldn’t stand it with such a strong spray, and it was a bit pungent. , Which invisibly reduced her impression of Mr. Xiao. But this time she came here to talk about cooperation, and she couldn’t show her disgust no matter how much.

Mr. Xiao quickly looked at Chu Fei’s body, and his eyes couldn’t help showing surprise and coveting. He is also an experienced playboy. There are no less than a hundred beautiful women who have had sex with him overnight, but he also has no one. I have seen a woman like Chu Fei who wants to have a figure, a beautiful appearance, and a temperament, and she is the chairman of a large company.

So when he saw Chu Fei at first sight, he was immediately moved, and made up his mind that he must soak Chu Fei!

And he also has this confidence.

“Mr. Chu, are you here alone?” Mr. Xiao asked intriguingly when he saw Chu Fei here alone.
