

Chapter: 359

His words were not so small that they were heard by all the guards, but the guards sneered at what he said, and they didn't take it seriously. The guard just now had an obvious ridicule on the corner of his mouth.

After a while, a middle-aged man with a blessed figure strode out and frowned and asked, "What's the situation?"

The doorman just said the incident briefly and concisely. After the middle-aged man heard it, he knew it in his heart. He looked at Xiao Cheng with a smile on his face and walked forward and said, "Mr. Xiao, Hello there....."

Xiao Cheng waved his hand directly, interrupted him, and said, "Manager Luo, you don't need to say any more. I am a black gold member and a distinguished VIP customer. At the beginning, you gave me the card, but now I am listened to by you. The security guard stopped me and made me ashamed in front of my partners. What do you think about it?"

Xiao Cheng couldn't hide his irritation in his tone, and he was a bit aggressive.

Manager Luo said with some embarrassment: "Mr. Xiao, this thing really can't be blamed on the guard. Just the day before yesterday, the board of directors did release this information, so Mr. Xiao, I'm really embarrassed, please. You will come back in a week."

"What?!" When Xiao Cheng heard this, he immediately widened his eyes and became even more angry. At the same time, he felt hot and painful.

What's the situation, isn't he already a distinguished member of Tingfengting? It cost a full five million to buy it! As a result, everyone came to the door and told him that he was not qualified to go in? Is there a business like this!

Chu Fei said again: "Mr. Xiao, or else just find a place to sit down and talk, I don't have to come to listen to Fengting."

Chu Fei really thought this way. There was no other meaning, but her words fell in Xiao Cheng's eyes, and it became a sarcasm, making him even more unhappy and even more annoyed.

He was directly angry and said to Manager Luo: "Manager Luo, I don't like to make jokes like this! Now I have brought a partner to listen to Fengting, and you are still a member of Fengting who spent 5 million to buy. Now you don't even let me in by a door? Does that make sense!"

Manager Luo said with a wry smile: "Mr. Xiao, there is no way. This is what the board of directors meant. Those of us who are subordinates also have no way."

Xiao Cheng was very annoyed and wanted to lose his temper, but he also knew that the background of Tingfengting was horrible, and he could not provoke a small person like him. If he really loses his temper here, he will

definitely end up miserably. But he was not reconciled to let him leave in such a desperate manner.

So he gritted his teeth and said, “Manager Luo, can’t I go in and listen to the wind pavilion today? What’s the point of my topping up the five million!”

Luo Jing thought about it and said, “Actually, you really want to come in to listen to the wind pavilion today. That is to recharge another five million, upgrade to a Zijin member, and then you can come in.”

When Xiao Cheng heard this, his expression immediately changed. Before, he had spent five million to buy a black gold member, which was enough to hurt him. Now he wants him to spend another five million to buy a purple gold card. That’s not for him. Is dead!

At the back, Lin Ziming looked at Chu Fei’s back, and a white card appeared in his hand, which looked very ordinary...
