

## Chapter: 360

If you are the core leader of Tingfengting, seeing this white card, you will definitely receive it with the highest specifications!

This represents the highest-level member of Tingfeng Pavilion, and it is not comparable to the most ordinary black gold member like Xiao Cheng.

Just kidding, Lin Ziming was once the core child of the Lin family, and even the grandson of Lin Changtian, the founder of Tingfengting. Could he not have a high seat in Tingfengting?

He was behind, watching Xiao Cheng's collapse, he hesitated to appear.

Manager Luo's words left Xiao Cheng speechless, and asked him to spend another five million to upgrade to Zijin membership. He couldn't do that, let alone the question of whether it's worth it, even if it's worth it, he is now I can't spend that much money. Now he regrets it very much. If he knew this, he would not bring Chu Fei to listen to Feng Ting. As a result, he pretended to be forced, but he was ashamed!

"How about Mr. Xiao, do you want to upgrade?" Manager Luo asked again. When he faced Xiao Cheng, he didn't have any respect, just out of professional courtesy.

Xiao Cheng gritted his teeth and said: "Your behavior is discriminating against us consumers. If it spreads out, can you still do business in Fengting?"

There was no change in the smile on Manager Luo's face. He still smiled and said in a very polite manner: "Mr. Xiao, I suggest you don't do this. It will not do you any good. This sudden upgrade has affected Xiao Your interest, sir, is the fault of our Tingfeng Pavilion. In order to make up for Mr. Xiao's loss, we Tingfeng Pavilion can give Mr. Xiao a full refund for free, and can also compensate Mr. Xiao two million for the loss."

The more he said this, the less face Xiao Cheng had. Chu Fei became more impatient. She said directly: "Mr. Xiao, I think we'd better find another place to talk, not to listen to Fengting."

With that, she turned her head first...

As a result, when she turned her head back, she immediately saw the man standing behind. In an instant, her body trembled fiercely, and the expression on her face instantly became very exciting.

It's Lin Ziming!

She only felt that she had hallucinations. How could she meet Lin Ziming when she was in this place?

So she was stunned for a moment, and immediately forced her eyes to see if she really had hallucinations. When she opened her eyes again, she found that she had not made a mistake. The one standing in front of her now The man is really Lin Ziming.

Lin Ziming saw Chu Fei suddenly turn his head, his scalp numb, but his

reaction was still not as excited as Chu Fei.

Looking at Chu Fei now, he found that he still couldn't calm down...

Yes, a couple who have been married for four years, how can they say that if they forget, they will forget. He is not a scumbag.

Chu Fei's mood is also very complicated now. At the moment she saw Lin Ziming, a lot of things appeared in her mind, her mouth moved, and she wanted to say a lot, but she couldn't say it. Because it seems, there is nothing to say, they are all divorced now...

At this time, Xiao Cheng had no idea, so he had to follow Chu Fei's words and nodded and said, "Well, it seems that this is the only way to do it, and maybe we have to talk about business in Fengting Pavilion."

He also turned his head, and saw Chu Fei staring at a man in front of him in loss, that expression was clearly telling a story.

Suddenly, he squinted his eyes and looked at Lin Ziming. When he found that Lin Ziming was only wearing ordinary clothes, he looked ordinary, not like a rich person, so he put down a lot of vigilance.

"Chu Fei, I know that there is a place with a good environment, suitable for us to talk about business." Xiao Cheng said with a smile, no embarrassment on his face, and a thick skin.

But Chu Fei didn't leave, as if she didn't hear what he said, she still stood there and lowered her head.

Lin Ziming took a deep breath. Since he has already met, there is no need for him to leave now. Although he is divorced, he can still be a friend. There is no need to coax the relationship so stiffly, so he first give it to himself. He made a thought movement, and then strode over, showing a faint smile.

"Hey, Feifei, haven't seen you for a long time, are you okay?" Lin Ziming spoke to Chu Fei in a friend's tone, keeping the distance very well, neither alienating nor close.
