

## Chapter: 387

Now that they saw Lin Ziming's smile, they were even more convinced of this.

For an instant, their faces were hot and painful, and their hearts were particularly embarrassed and embarrassed, and they cursed Lin Ziming no less than a hundred times! This bastard is still playing with us, so angry!

Lin Shanhe also reacted. He was deceived by Lin Ziming just now, and he was particularly annoyed now. If it weren't for Lin Ziming's usefulness, he really wanted to kill Lin Ziming now!

"Haha, Lin Zihao, you know me." Lin Ziming laughed. Then, he turned on the phone and dialed a number to check the account balance on the spot. A clear and sweet voice came from the speaker of the phone: "Dear Black Gold Supreme VIP customer, hello, your balance still has 58.96 billion, 4,632,033,125 yuan..."

Quiet.

The huge hall was quiet in an instant. Everyone held their breath, their brains went blank all of a sudden, buzzing, and their minds kept reverberating with the broadcast information from the human service just now!

Five hundred and eighty nine sixty million!

This is close to 60 billion!

You must know that what Lin Changtian inherited from Lin Ziming was only 55 billion, but now it's only four billion!

This is too exaggerated. If the money is given to the Lin family, then the Lin family will take off directly, and all the Lin family present will also be moisturized.

So for an instant, greedy eyes appeared in everyone's eyes, including Lin Zihao. When he heard this number, his pupils suddenly contracted uncontrollably, and his breathing became much faster.

Lin Ziming glanced across everyone's faces, putting their expressions in the bottom of his eyes, and now he only sneered in his heart.

Guru!

I don't know who swallowed his saliva first, everyone heard it, and they gradually came to their senses, looking at Lin Ziming's eyes, where there is the anger and hatred just now, now there is only fanaticism, incomparable fanaticism. Ah, like that, it was like a fairy saw Tang Seng meat, and he couldn't wait to swallow Lin Ziming in one bite.

Lin Shanhe came back to his senses first. He pinched his thigh vigorously, squeezed a bright smile, and said to Lin Ziming, "Ziming, what happened just now was a misunderstanding. Everyone is joking with you."

His words aroused everyone's agreement. They swept away their anger and hostility, and now they all showed bright smiles, becoming shook their

heads and shook their heads, all kinds of to please Lin Ziming.

“Yes, yes, everything just now was a misunderstanding, Ziming, your lord has a lot, don’t be in the same way as us.”

“Misunderstanding, misunderstanding, absolute misunderstanding, Ziming, we are a family, and we all have the same blood in our bones. How can we really be angry with you? Everyone, right?”

“Of course, Ziming, you are Sheji’s own son, the second young master of our Lin family, and the genius of our Lin family. It’s too late for us to support you! How could I be angry with you? Just now, everyone was coaxing you to play. Yes, let’s talk about it. That is the money the old man left for you. Even if you really donate it, we won’t say anything. Of course, now the Lin family is in danger, Ziming, you are also a member of the Lin family and can help One from the Lin family would be the best!”

“What’s the joke, Ziming has been sensible since he was a child, so how can he be familiar with us?”

“That’s that...”

A group of people began to please Lin Ziming, including the uncle who had criticized Lin Ziming the most fierce just now, and now they are all flattering Lin Ziming. The picture can be said to be very funny.
