

Chapter: 396

Lin Zihao challenged.

His eyebrows were filled with absolute confidence and arrogance. Last time, he abused Lin Ziming severely in front of the tomb of his grandfather Lin Changtian. Now only half a month has passed. He did not believe in Lin Ziming. No matter how genius, what kind of devil training has been done in the past half month, and what kind of improvement in strength.

It was enough to make him regret and irritate that Lin Ziming took advantage of his carelessness just now. He didn't think that Lin Ziming would actually give up the initiative again, return to the same starting line, and go head-to-head with him. It could not be better.

Lin Ziming's request was indeed quite excessive. He asked everyone to kneel to him. With this kneeling, the entire Lin family was trampled under his feet by him, and his end was very serious. In the future, when the Lin family met Lin Ziming again, they would not be able to look up.

Moreover, the murderer who harmed Lin Changtian should be found out. This matter is extremely involved, and it is absolutely impossible to tell!

But will he lose?

This is absolutely impossible. He has absolute confidence that he can defeat Lin Ziming again.

When that happens, Lin Ziming will not only delete the recording, but also give out 30 billion for nothing! With these 30 billion, then the Lin Family can fully function and come back to life. This is really a very profitable thing, hahaha...

So now Lin Zihao's heart is particularly surging, every cell in his body begins to boil, and the whole person is full of warfare. In a pair of sharp eyes, there seems to be flames burning, staring at Lin Ziming closely.

The other Lin family members who were present felt Lin Zihao's fighting spirit, and they all began to become enthusiastic, sweeping away the irritability and worry just now!

Yes, they know Lin Zihao's strength very well. It can be said that he is the strongest person in the Lin family. Isn't that appropriate to beat Lin Ziming who has been abandoned for four years?

The most important thing is that Lin Zihao defeated Lin Ziming not long ago. Had it not been for the appearance of the clown, Lin Ziming would have been captured long ago.

So no matter how you look at it, they are sure to win.

Thinking of Lin Zihao's request just now, everyone began to smile, very happy!

Looking at Lin Ziming, his eyes were filled with pity and gloat, as if he had already seen Lin Ziming being beaten to the ground.

Lin Feng was completely stupid.

He couldn't even think of killing him, Lin Ziming, who had clearly grasped the absolute initiative, would actually come out like this and force himself into the corner.

What kind of neural operation is this?

He doubted whether Lin Ziming was taken away by someone just now, or if he had a brain problem.

After such a short time, Lin Ziming also began to roll up his sleeves, walked to three meters in front of Lin Zihao, stopped, and looked at each other.

At this moment, there was no one else in Lin Ziming's world, and only Lin Zihao in front of him was left.

On this day, he waited too long for too long!

The blood, flowing from his limbs, rushed to his heart together, like a chicken blood, making his heart beat faster.

Puff! Puff! Puff!

Looking at Lin Zihao's familiar face, many pictures and thoughts flashed through Lin Ziming's mind.

The scenes that happened four years ago were re-rehearsed in his brain, making his eyes slowly bloodshot, losing his hearing, smelling, and touching.

After standing still, the two looked at each other for half a minute, and then Lin Zihao suddenly shot.

One shot is a big killer move, with two fingers like a hook, hit Lin Ziming's eyes, and directly dig out Lin Ziming's eyes!

Facing this move, Lin Ziming had no choice to retreat. Instead, he went straight forward, took a stride, seized the center line, launched a defense against Lin Zihao, and then counterattacked!
