

## Chapter: 400

There was no expression on Lin Ziming's face, he looked calm, but in his mind, it was extremely excited and surging!

Four years later, he went from the second young master of the Lin family, who was very beautiful, to the son-in-law of the Chu family, and fell from heaven to hell overnight!

No one knew how much he was suffering, how painful, and how desperate for revenge in his heart.

But now, he finally did it.

Those who insulted him back then knelt before him.

"Now you can tell me who was the murderer who harmed Grandpa back then." Lin Ziming took a deep breath and said with electric eyes.

But no one answered him, and they all bowed their heads.

"Why, no one is talking?" Lin Ziming's voice was cold.

Then he kicked Lin Shanhe and said, "My dear uncle, should you just tell me?"

Lin Shanhe got a kick, and the pain made him grin, "Ziming, this matter has passed for so long, and the old man has been in the soil for peace. Why do you need to find the roots and break the rest of the old man?"

Lin Ziming's stomach became angry when he heard this, and the expression in his smiling eyes instantly became cold, "Say!"

Lin Shanhe gritted his teeth and just refused to say.

Lin Ziming was so angry that he slapped him several times.

At this moment, there was a loud and low voice, "Lin Ziming!"

It was Lin Zihao. He raised his head and stood up swayingly. He stared at Lin Ziming and said, "You don't have to ask your father. If you want to know the murderer of Grandpa, I can tell you!"

Lin Shanhe's face changed drastically, "Zihao..."

After he finished speaking, Lin Ziming punched him in the stomach, bending his body like a prawn.

Lin Ziming walked up to Lin Zihao and stared at Lin Zihao condescendingly, "Who?"

"A person you would never have imagined to kill." Lin Zihao had an almost abnormal smile on his face.

I don't know why, Lin Ziming suddenly had a bad premonition. His brows were tightly furrowed, and his heartbeat accelerated a lot. He directly grabbed Lin Zihao's neck, lifted him up, and pressed it against the wall. Staring at him stubbornly, "Who is it?!"

Lin Zihao was pinched by Lin Ziming, his face flushed and he had difficulty breathing, but he did not resist, and even laughed, "Originally, we didn't want to tell you, so if we drove you out, it's fine. But you are restless, you have to break the sand bowl and ask the end! Okay, you want to know so

much, then I will tell you!

Having said this, Lin Zihao's expression became distorted, his eyes were bloodshot, and he looked crazy.

And his words also made all the Lin family lift their hearts.

Including Lin Ziming, his heart beats so fast, he stared at Lin Zihao, wanting to see the acting element in Lin Zihao's eyes, but there was no such thing.
