

Chapter: 403

When he reached the door, he stopped and said, "From now on, I have nothing to do with the Lin family. You don't want to provoke me."

After saying this, he walked out the door and disappeared from everyone's sight in the blink of an eye.

After he walked for almost ten seconds, all the people who remained in the hall breathed a sigh of relief, and their tense body suddenly relaxed, gasping for breath.

There is no way, the pressure Lin Ziming brought to them just now is too great, it seems that a big mountain is pressing on them all the time, making them all breathless!

After a while, one of the elders of the Lin family said, "This Lin Ziming, really let us go?"

What he used was "Let it go" once instead of entanglement, indicating that he was already subconsciously afraid of Lin Ziming.

"Maybe?"

"Hey, I didn't even want to let him know the truth. I really didn't think of it."

"Yeah, what happened tonight really surpassed all of our expectations. Lin Ziming's son is really too hot, we all underestimated him."

"Anyway, he is gone now. I believe that with his character, he won't break his promise."

"But the crisis of our Lin family has yet to be resolved."

"I just hope that Lin Ziming will not find Qin Yuehua, otherwise it will be another crisis for our Lin family."

Lin Zihao has returned to normal. He looked at the direction of Lin Ziming's disappearance, and his eyes flashed with unwilling light. He was completely lost to Lin Ziming tonight. He was not satisfied and unwilling!

.....

"Mom, why do you want to do this? Why do you want to do this?"

"Fake, are they all fake? Are all your kindness to me, your care for me, and your love for me all fake?"

"Mom, where are you now, where are you?"

After Lin Ziming came out of the Tingfeng Pavilion, it rained in the sky, ticking, falling on his body, and soon wet his clothes.

It's late autumn, and the temperature at night is only ten degrees, and with rain, it gets even colder. Everyone on the road wore jackets and padded jackets, but he was still wearing a single coat, which was very cold.

But he didn't feel anything, because no matter how cold the temperature and rain were, it couldn't be cold in his heart.

Along the way, he met a lot of people and attracted a lot of attention. They pointed him and thought he was crazy, otherwise he thought he was

non-mainstream, sensational, and it was raining in such a cold day, and it was so cold. Up.

But Lin Ziming didn't care about it, he continued to walk.

His current mind is very messy, empty, and he has never been so flustered as he is now, completely without a master, like falling into an ice cave.

Suddenly, a car appeared on his right, and the light shone on him, and the people in the car were immediately stunned.

“Chairman, the one in front seems to be Mr. Lin?”

The secretary next to him pointed to Lin Ziming, who was walking coldly in front, and said in surprise.

The chairman looked up and was visibly surprised. Then she bit her lip tightly and said, “Come with him and see where he is going.”

This chairman is no one, it is Chu Fei.

Logically, after she signed the contract with Xiao Cheng, she should have rushed back to the company as soon as possible, but she didn't do that.

There was always a voice asking her to stay and wait here.

She waited for a long time, but she lost patience between her, and when she was about to leave, the person she was waiting for appeared.
