

## Chapter: 404

Yes, she is waiting for Lin Ziming.

In fact, from the first sight of Lin Ziming, her heart was very disturbed, especially when Xiao Cheng later slapped her face and was qualified to go to the open box of Fengting Pavilion. She was even more full of Lin Ziming. curious.

What she thinks of now is that what her younger brother Chu Tian said to her a few days ago, and saw Lin Ziming being surrounded by a group of big figures to flatter and please her, it shows that Lin Ziming's background is very large and the background is very deep, and this kind of thing happened. .

But what is very unreasonable is that Lin Ziming was a poor boy from the countryside. At the beginning, the Chu family also valued Lin Ziming's point and decided to recruit him to be the son-in-law. But now, Lin Ziming has changed his life and became a son-in-law. Big shot?

This kind of thing, no matter how you think about it, it can't happen in real life, it's too illusory!

So she has always been curious and confused. She has a strong passion and wanted to find the answer, so she chose to put aside the work she was currently holding and stay here specifically to find Lin Ziming and ask what the situation was.

Halfway through, she tried to call Lin Ziming and found that Lin Ziming had changed her number and sent WeChat to Lin Ziming. She also found out that she was hacked by Lin Ziming. In desperation, she had to wait at the exit of Tingfeng Pavilion. She has an intuition that she can still wait for Lin Ziming.

In the end, she really made her wait, and Lin Ziming really came out of the Tingfeng Pavilion.

However, to her surprise, Lin Ziming actually came out alone in the heavy rain?

Now the rain is getting heavier, and the drizzle from the beginning has slowly evolved into a downpour. Even in the car, with the headlights on, it is a bit hard to see outside.

At this time, besides Lin Ziming, there were no other pedestrians on the street, and they all hid for shelter from the rain. .

However, Lin Ziming still had no intention of hiding from the rain. He continued to walk at the same pace, as if he could not feel the coldness of the rain at all.

I don't know why, when Chu Fei in the car saw this scene, she suddenly felt an unspeakable distress, and her heart was poked hard.

She clenched her red lips and murmured to herself, "Lin Ziming, what are you doing?"

Yes, what exactly is Lin Ziming doing?

In fact, let alone Chu Fei, he doesn't even know what he is doing, because he can't feel the presence of rain now. It seems that his mind has been concentrated in his inner world, and now he is controlling his body. , It's just his subconscious.

Chu Fei followed all the way. After two minutes, she found that Lin Ziming was still walking like this. She didn't mean to hide from the rain at all. She began to worry. Now the weather is so cold and the rain is so heavy. No matter how good your physique is, you will catch a cold!

"Catch up and stop him." Chu Fei said, she decided not to let Lin Ziming soak in this way.

The driver responded, speeded up, drove in front of Lin Ziming, and stopped Lin Ziming sideways.

Then Chu Fei rolled down the car window and said loudly to Lin Ziming, "Lin Ziming, what are you doing? Why do you keep getting in the rain."

It might be because it was too rainy. Lin Ziming walked with his head down. He didn't even hear Chu Fei's words, so he continued to walk forward and bypassed Chu Fei's car.

At exactly this moment, Chu Fei saw the expression on Lin Ziming's face...

What kind of expression is that?

With vitality, feelings, and soul, I kept mumbling, fake, fake, fake...
