

Chapter: 406

The atmosphere suddenly became awkward.

This was the first time they were alone after their divorce.

After Lin Ziming took a bath, his mind was so clear now, he was not as lost as he was just now.

He himself is a person with a strong psychological quality. It is not the message just now, it is too beyond his tolerance, and he will not be so gloomy.

As for Chu Fei, her physique is much worse than that of Lin Ziming. Although she has taken a hot bath now, she still catches a cold and sneezed several times. Now her nose is flushed, and she looks very uncomfortable.

“Haqiu!!”

At this moment, Chu Fei suddenly sneezed, just as Lin Ziming was standing opposite her, and the droplets sprayed directly on Lin Ziming’s face.

Chu Fei was very embarrassed and quickly apologized: “I’m sorry, I didn’t mean to...”

“Nothing.” Lin Ziming shook his head, then went to the bathroom and simply washed his face, then came back and said, “You have a cold, you need to take medicine.”

Chu Fei rubbed her nose, shook her head and said, “I have nothing to do, just take a rest tonight.”

“It’s not useful for rest, your cold is invading, and if you don’t take medicine in time, you will have a high fever...”

Lin Ziming hadn’t finished speaking, Chu Fei shuddered, and her face appeared ruddy. When Lin Ziming saw her like this, she knew that Chu Fei had already started to have a fever.

He reached out and touched Chu Fei’s forehead. Just when he touched it, he really verified his guess.

“What are you doing?!” Chu Fei was taken aback by his action, reflexively covered her chest, and stepped back two steps, looking at Lin Ziming in panic.

Lin Ziming’s brows jumped twice, and he was inexplicably lost. It seems that Chu Fei still has great opinions on him.

“Sorry, I just want to see if you have a fever.” Lin Ziming said bitterly.

Seeing Lin Ziming’s expression, Chu Fei’s lips moved. I don’t know why, she suddenly regretted her reaction. “I didn’t mean that, I just...”

Lin Ziming interrupted her, squeezed a smile, and said, “No need to explain, I understand, we are not even friends now, I am too Meng Lang.”

After speaking, he laughed twice to laugh at himself, and stepped back two steps to keep a distance from Chu Fei.

Chu Fei’s lips moved, she wanted to say something, but in the end, she still didn’t say anything, yes, they are already divorced, not even the most

ordinary friends, at best they are just acquaintances. Coupled with their unhappy marriage, they seem to be even more alienated and unfamiliar...

I just don't know why, this state is not what she wants to see.

After the estrangement between the two was accompanied by a long silence.

This time, Lin Ziming first opened his mouth to break it. He said, "It's getting late, and I will leave first if anything happens."

When he reached the door, Lin Ziming thought of something, and then turned around and said, "By the way, you have a cold and fever now. It is best to buy medicine. I think there is a pharmacy not far downstairs. You can ask the secretary to go to you. I bought it. Your body is not very good in the first place. If the fever is not relieved in time, it will be even worse for your body."
