

Chapter: 412

Lin Ziming naturally saw Yang Qi's thoughts in his eyes, he smiled faintly, and didn't have to explain anything, the more he reached his level, he wouldn't explain too much.

As soon as Wu Fan stepped on crab feet, he walked over arrogantly, his eyes were not looking at anyone, and he looked at the world. When he arrived in front of the director, he lazily said: "Director, everyone is here, you can boot up. ."

The director, who was very prestigious on the set, immediately respected Wu Fan. He lowered his posture a lot, and said quickly: "Everyone is here, and you can start the machine at any time."

"Yeah." Wu Fan nodded faintly, and said, "It's good if everyone is there, lest I wait."

Many people were uncomfortable with what he said, but they didn't dare to talk back. The director said: "Angkor, let's turn it on now. Today's task is relatively heavy."

Hearing the director's words, many actors around started to move around, preparing to start, but unexpectedly, Wu Fanyi's words stopped their movements, "Wait a second, what are you doing? There is nothing to eat yet."

"This..." The director frowned.

Wu Fanyi immediately stared, "What is this? I still don't have breakfast. How can I take pictures when I'm hungry?"

The director's eyes clearly flashed some sullenness, gritted his teeth, his face changed obviously, if he changed other actors, he would have started to scold him, but the person in front of him was Wu Fanyi, the actor of the show. And he is still a popular traffic star with many fans, so he dare not scold him even if he is angry.

So he had to gritted his teeth, stubbornly endured it, and squeezed out a smile and said, "Angkor, you have misunderstood. I didn't mean that, but Michelle has a mission to finish the film within three months. So the task is pretty tight."

Wu Fanyi said disdainfully, "How about the tight task? I am the actor of this play. If I don't have enough food, how can I shoot it? You have been a director for some years, and that makes sense. do not know?"

"Yes, yes, Angkor taught right." The director nodded quickly. He broke his teeth and swallowed in his stomach. He didn't dare to show any complaints at all.

Lin Ziming, who was not far away, watched this scene. He faintly frowned. Wu Fanyi was a bit uncomfortable. Wu Fanyi was too aggressive, and his attitude towards filming was not positive. How would the film be better? go? Anyway, he remembered this person and asked his subordinates to

investigate whether this Wu Fanyi was really worth the investment.

In the end, another group of people waited here for Wu Fan to eat breakfast. They were eating very slowly, and a whole set of people were waiting for him.

Lin Ziming was impatient to watch, he frowned and murmured. Because the set was relatively quiet, everyone was dissatisfied and did not speak, so his words happened to reach Wu Fanyi.

Suddenly Wu Fan slammed the lunch box, frowned, and said uncomfortably: "Who was talking about me just now! Stand up for me!"

He stood up, his face full of gloom, especially arrogant and aggressive, where is there such a polite and gentle as advertised on TV? Now he seems to be a little crouched posture.

Yang Qi's face was scared white, because this was what Lin Ziming next to him said!

His heart was screwed up, and he thumped and thumped. Lin Ziming was the one he had brought. If Lin Ziming offended Wu Fanyi, he would not be able to escape the responsibility!

What he doesn't understand now is why Lin Ziming would make such a complaint. Isn't this an obvious offense to Wu Fanyi, and Wu Fanyi is a big star. Fans don't know how many millions are there. If you offend him, just No need to get in the circle anymore.

Now he regretted it a little bit and brought Lin Ziming to this set.

But although he regrets it, he doesn't blame Lin Ziming too much. He is more confused. When did Lin Ziming become so bold? You must know that when he knew Lin Ziming, Lin Ziming's courage was very small, even frustrated. Why did he change so much after not seeing him in a year.

Many people looked at Lin Ziming at once.
