

Chapter: 421

Ning Yuning, who was in the crowd, was also stunned when she saw this scene, because she was also an artist of Black Rock Media, and she knew how big the backing of the chairman of her family was, and she had never seen the chairman so angry and frightened. Looks like that, that kind of feeling, it seems that Chairman Zi Qiong is a big figure, and he can't offend him at all.

Wu Fan swallowed, and after reacting, he immediately said: "Chairman! Did you make a mistake? I have no offense to Zi Qiong's chairman. Let me tell you, I'm even, I'm even Ziqiong. Chairman Qiong has never seen him before, so how can I offend him? I'm still filming on the set..."

Wu Fan died of grievances. He was inexplicably trained by the chairman and turned on the loudspeaker. He was heard by hundreds of people on the set. It was embarrassing!

But immediately, the chairman of Heiyan Media's more angry roar came on the phone: "Wu Fanyi! Do you dare to admit the damn account? The manager Wang from Ziqiong called me and said that you are an idiot offended. I got Michelle's chairman, and asked Michelle to kneel down and apologize to you! Wu Fanyi, you have a damn kind, the chairman of Michelle is a super big man, even I dare not offend him, you fucking Well, let him kneel down and apologize to you! You are good, you are awesome!" Hearing these words, Wu Fanyi's scalp numb, thinking of something, he suddenly raised his head and looked at Lin Ziming who was opposite!

Suddenly, he saw Lin Ziming's smiling face, his brain exploded with a bang, his legs were soft, his body was suddenly taken away from strength, and he took two steps back and almost fell to the ground. Up.

He is not stupid. At this point, he still doesn't understand. The little dragon set opposite him that he looks down on is Chairman Zi Qiong!

At this time, he has caused a catastrophe and is about to die.

But he couldn't figure out why the dignified chairman of Zi Qiong came to the set to do a little dragon game. This is totally unreasonable!

On the phone, there was still a roar from the chairman of Heiyan Media, which was so cruel, but he couldn't hear it anymore. Now his brain was blank, and Liushenwuzhu had never had any fear.

"Give me the call to Chairman Zi Qiong, you are a silly rubbish!"

Wu Fanyi had completely lost his own consciousness at this time, and he walked towards Lin Ziming stupidly and gave Lin Ziming the phone.

"Hey, Lin Dong, hello, hello!" The chairman of Heiyan Media said in an extremely humble tone: "Wu Fanyi has nothing to do with me, I don't know anything."

Lin Ziming smiled and said: "I know, besides, you were so harsh on the phone just now, why should I give you face?"

The chairman of Heiyan Media heaved a sigh of relief. He had just scolded so fiercely on purpose just to get rid of the relationship. Fortunately, Lin Ziming was a person with clear grudges and no anger against him.

“Then I would like to thank Lin Dong.”

Lin Ziming said, “But Wu Fanyi, I don’t want to see him again in the future.”

“I understand, I understand!” The chairman of Heiyan Media said immediately: “From now on, there will be no one like Wu Fanyi in the entertainment industry anymore. From now on, I will hide him and block him to death! ”

When Wu Fan on the side heard these words, he finally couldn’t bear it, and sat down on the ground, like a bereaved concubine, crying.

Next, the chairman of Heiyan Media and Lin Ziming chatted a few more words, all saying flattering words, and also asked Lin Ziming to eat together. After hanging up the phone, Lin Ziming threw the phone at Wu Fanyi, smiled, and said to Yang Qi next to him: “Brother Qi, things are done, let’s go eat first.”

However, Yang Qi moved, still looking at him with demented and shocked eyes, completely stupid...

Not only him, but everyone on the scene now looks at Lin Ziming’s eyes completely different, including Ning Yuning, who is indifferent by nature, at this moment is completely shocked!
