

Chapter: 422

Chairman Zi Qiong, this status weighs too much!

Although Ning Yuning is not an employee of Zi Qiong Media, she has also heard of the name of Zi Qiong's chairman. There is no way. Zi Qiong Media's recent reputation is really too great, and it is almost a legend in the industry.

You must know that a few months ago, Zi Qiong Media was only a second-rate film and television media company, and because of the poor management of the decision-makers at that time, the market value was only 2 billion. A large sum of 500 million bought Ziqiong Media, and under his management, in just a few months, the market value has repeatedly reached new highs, and now it has reached six billion, and it is almost catching up with Black Rock Media, and in time, it has exceeded Black Rock. The media is nothing strange.

Before, Ning Yuning was very interested in Chairman Zi Qiong, and wanted to know what kind of person she was, but she never thought that the well-known Chairman Zi Qiong was so young and still. In this way, appeared in front of her!

Even with her concentration, she couldn't help being stunned at this moment, unable to calm down for a long time.

Fortunately, she looked down on others just now and thought they were hysterical lunatics, but in reality she slapped her severely and slapped her with a fierce pain in the face!

Lin Ziming sighed helplessly when he saw the reaction of the people. He knew that his identity was exposed and it would definitely cause a sensation. He didn't care what other people thought. The key point was that he lied to Yang Qi. Very embarrassed.

"Brother Qi, what's the matter, look at me with such an expression, don't you recognize me?" Lin Ziming said with a smile.

Guru!

Yang Qi swallowed heavily, recovered, and stammered: "Ziming, what's the situation with you? You are from Ziqiong Media, the chairman?"

"Yes, Brother Qi, I'm sorry I don't have the first time to tell you." Lin Ziming said apologetically.

Yang Qi fainted all over, he couldn't understand why, how did the door-to-door son-in-law who starved with him a year ago and was looked down upon, and became the superior chairman of Ziqiong Media?

"Brother Qi, I'll explain this matter to you later. Let's go now. Brother invites you to a big meal." Lin Ziming put Yang Qi on his shoulders and took Yang Qi away. "Brother Qi, you will. You don't need to be a fool. I will arrange a movie for you to be the leading actor. You can give me a bit of anger and don't make me lose money."

“This, this...” Yang Qi was even more shocked when he heard these words, and the whole person was in a daze.

When other people heard this sentence, they were extremely envious and jealous of Yang Qi!

Especially those who know Yang Qi, their eyes are red at this moment. As for those who have mocked Lin Ziming just now, they just want to give themselves a slap in the face. Damn, this is blocking the way to get rich. I knew Lin Ziming was so awesome, they just kneeled and licked Lin Ziming. The director was also dumbfounded and his scalp was numb. After he reacted, he couldn't take care of that much. He hurried over to please Lin Ziming: “Chairman, I have always admired you...”

However, he didn't finish his words, so he was forced to go back by Lin Ziming's cold words: “Go away.”

The director's face was as uncomfortable as he had eaten shit, and he really slapped himself hard. Now he really regrets his intestines.

At this moment, Wu Fanyi finally recovered. He immediately crawled over like a dog, hugged Lin Ziming's thigh, and begged for mercy with tears and tears: “Chairman Chairman, I'm wrong. Please don't block me, I beg you, you can let me do anything...”
