

## Chapter: 423

How could Lin Ziming let him go? Kick him away with a kick.

After Wu Fan was kicked away, she wanted to climb over and hold her thigh, but Lin Ziming was shocked back by saying, "You touch me again, I won't let you stay in the country!"

Wu Fanyi was completely frightened now, and didn't dare to come over again, his mentality was completely collapsed, and finally cried out. Everyone on the set saw this scene and felt very shocked, like a dream.

How long after Lin Ziming and Yang Qi left, people from Heiyan Media and Ziqiong Media came over and expelled Wu Fanyi on the spot, and it was the kind that Xueyang banned.

Immediately changed the new actor, and because of this incident, Ning Yuning also chose to make an appointment...

This incident left Lin Ziming with an indelible impression on these people. Especially for Ning Yuning, she remembered Lin Ziming deeply. Lin Ziming's identity was a reason. Another point was that Lin Ziming had never looked at her righteously once from beginning to end, which made her I was particularly frustrated.

She has always been the focus of the crowd. As long as she is a man, she will be attracted by her beauty and reputation. Many rich bosses are no exception. Only Lin Ziming is the only one who has seen her from beginning to end. , The key point she saw was that it was not that Lin Ziming was trying to catch her, but that Lin Ziming didn't take her seriously. This made her self-confidence extremely frustrated.

Lin Ziming didn't care about the thoughts of these people. After he and Yang Qi came out of the set, they went for a meal together, and instantly told him how he became the chairman of Ziqiong. Of course, it was impossible for him to tell. When the Lin family came, he found other reasons and prevaricated. Yang Qi is an ordinary person with so many eyes, and he didn't think deeply. Now that he knows Lin Ziming's identity, the whole People are very excited, and after being excited, they start to worry about not being able to play the protagonist.

In front of Lin Ziming, there was no longer a state of carelessness before, and he became particularly shy and conscientious, and he would never be able to return to the previous equal relationship.

Looking at this, Lin Ziming sighed helplessly. He had expected this, so he didn't choose to tell Yang Qi his identity at the beginning, but it had already happened, so he didn't think much about it. , Do whatever it takes.

After bidding farewell to Yang Qi, Lin Ziming returned to the residence by himself.

After moving out of the Chu family, Lin Ziming has been living in a hotel by himself. This is not a way to go on for a long time. He still has to buy a

house. He is rich now, he is very rich, so he plans to buy a comfortable villa to live in. .

However, he is not very familiar with real estate, so he called Han Jinlong and asked him if he had any introduction. The price is not a problem.

When Han Jinlong heard that Lin Ziming was about to buy a house, he immediately became energetic. Originally, he wanted to give Lin Ziming a villa by himself to please Lin Ziming, but after thinking about it carefully, as Lin Ziming, he was an ordinary tens of millions of people. Lin Ziming certainly didn't like the villa, so he didn't even say that. In addition, he has been very busy during this period of time because of the opening of a new company. He can't spare the time, so he can't make it to accompany Lin Ziming, so he arranged for an agent to accompany Lin Ziming to see the house.

Because Han Jinlong's incident was also explained and arranged, and there was no clear explanation. When it was passed to the intermediary, he did not know that Lin Ziming was the big boss, and took him to see the house within 2 million. , Lin Ziming felt something was wrong, and said directly: "I can't use a commercial house. You can directly take me to see the villa area in Huacheng with a good location."

When the intermediary heard this, some suspicion flashed in his eyes, and said: "Mr. Lin, the villa area with a good location in Hwaseong has an average price of more than 10 million."

"Okay, take me to see it." Lin Ziming nodded.

The agent frowned, his eyes filled with disbelief, but out of professional ethics, he still asked: "Are you sure?"

"determine."
