

## Chapter: 424

Lin Ziming didn't know what the intermediary was thinking, but he didn't know what he said. There were too many misunderstandings like this, and he was numb.

The intermediary murmured a few words and didn't have anything to say. Anyway, the customer is supreme, and he does what the customer says.

"In our Hwaseong City, the best villa area is Yulong Bay, with an average price of more than 10 million yuan, and the best batch of them has a price of more than 30 million yuan."

On the way in the past, the intermediary was introducing him. The more he looked at Lin Ziming, the less he felt that he was rich.

Lin Ziming's answer was simple and straightforward. He nodded and said, "Okay, let's go and see."

Yulong Bay is indeed the best villa area in Hwaseong. It is well-known in Hwaseong. Not only is the location good, but the environment and equipment of the community are particularly good. Those who can live in it are rich and expensive.

When Lin Ziming was still serving as the door-to-door son-in-law of the Chu family, the entire Chu family wanted to buy a house in Yulong Bay, but they didn't have the capital and couldn't afford it.

Especially the mother-in-law Liu Suhong, who has been talking about it for a long time. She most wanted to buy a villa in Yulong Bay. At that time, Lin Ziming was complained a lot by her, and she said it was useless and useless. So at that time, for a while, Lin Ziming was quite eager to buy a house in Yulong Bay.

I didn't think that he was really capable of buying a house in Yulongwan now, but it was a pity that he had divorced Chu Fei, separated from the Chu family, had no relationship, and no longer had a chance to be proud.

Thinking of this, Lin Ziming was quite lost.

To be honest, Lin Ziming was despised by the Chu family for four years in the Chu family. Even the garbage is not so cheap. He didn't know how to do it before, but now he successfully counterattacked and became able to win the Huacheng. The big man said that he didn't want to raise his eyebrows in the Chu Family. It was false. After all, he was also a normal person. No matter how mature and steady he was, he would have his own emotions and desires.

Thinking about it, he also went into a daze. He didn't have to listen carefully to the intermediary next to him. However, his performance fell in the eyes of the intermediary and turned into a manifestation of guilty conscience, and his attitude towards Lin Ziming became more and more indifferent and indifferent. Contempt.

"Yulongwan is here, get off the bus." The intermediary said angrily.

Lin Ziming came back to his senses, oh, and started to get off the car. When I came down, Yulong Bay was really extraordinary. It was completely different from other communities. Not to mention, this gate was magnificent enough. Seeing Lin Ziming's eyes on the gate, the intermediary said proudly, "Yulongwan this The gate is carved out of all natural marble, but the number of fake gates has reached three million, which is not simple." Lin Ziming nodded and said, "Three million, not bad." The intermediary secretly said pretendingly. When entering, the intermediary tried to ask Lin Ziming what his job was, but Lin Ziming never answered his questions positively, which made him even more convinced that Lin Ziming was a poor man and could not afford Yulong Bay. This time I came here, mostly for fun. I took a few photos and sent them to Moments to pretend to be forced. In the past few years, the intermediary has sat down, and he has rarely encountered such a person. Lin Ziming didn't know that he had been put on such a label by the agent. He carefully observed the villas inside to see if there were any satisfactory ones, and if there were any, he bought them in full. With his current financial resources, it is not too simple to buy a villa worth tens of millions. It is easier than ordinary people buying a pack of cigarettes.
