

Chapter: 427

This sentence really embarrassed Chu Xuan. Originally, they really planned to take the mortgage line. After all, more than ten million is not a small sum. Even her boyfriend Wang Rongmin is not so easy to take out. of.

Of course, at this point, she couldn't say that. She wouldn't fight for the steamed buns!

When Chu Fei first became the chairman of Shengke, the entire Chu family was under her control. During that time, Liu Suhong was even more arrogant. Now she has finally found a rich boyfriend. Still willing to spend money for her, both mother and son wanted to slap their faces back.

So she immediately gave Wang Rongmin a wink. After getting Wang Rongmin's consent, she showed disdain, and increased her voice and said, "Hoho, loan? That's what the poor do. We Rongmin use it. Can you do it? Auntie, it's you. When Chu Fei comes and can't afford the villa in Yulong Bay, that's funny.

Liu Suhong snorted and said, "You don't need to worry about this. We can't afford the Yulong Bay Villa."

When Han Xuefen and his family were walking in front, Liu Suhong deliberately fell down, pinched Chu Huaxiong next to him hard, and cursed: "You useless thing, I won't say a few words for your wife just now. , Let the Han Xuefen family ridicule there, are you still a man!"

Chu Huaxiong was so choked, he grinned and said quickly: "I didn't even say you, why are they crazy following Han Xuefen? Feifei said well, we have a house in Hwaseong, why are we going to Yuyu? Longwan came to buy a villa, now we are only three people, and we can't live with it."

Liu Suhong poked Chu Huaxiong's forehead vigorously, and cursed: "So you are useless, you don't have any ambition. You have been bullied like this, and you can still swallow this breath! Besides, now Feifei is already bullied. The chairman of Centec, he can distribute tens of millions of dividends a year to buy a villa in Yulong Bay. Is that still a matter of minutes?"

Chu Huaxiong said: "That's how it is said, but now Shengke has just started, and Feifei won't be able to get the money until the end of the year at least. It's still more than half a year."

"Then I don't care, today I must buy a villa in Yulong Bay, not to fight for steamed buns!" Liu Suhong said capriciously.

Next, they followed Han Xuefen's family to inspect the house. They probably learned about the houses on the Yulong Bay. They are indeed expensive, but they are also luxurious. Those who can live here are all dignitaries.

Whether it was Liu Suhong or Han Xuefen, after the intermediary's praise, they liked Yulong Bay more and more, and made up their minds that they

must buy a villa in Yulong Bay!

Not long after, Chu Fei arrived. Liu Suhong immediately smiled excitedly when she saw her arrival, and waved vigorously, “Fei Fei, come here, mom is waiting for you!”

Today, Chu Fei was wearing a skirt, especially immortal. With her beautiful appearance, Wang Rongmin couldn't take her eyes off immediately. In contrast, Chu Xuan was really too far away from her.
