

Chapter: 431

“Oh, that’s what I told you before, our Chu family’s waste son-in-law, he doesn’t know how much he has lost to our Chu family in the past few years.” Chu Xuan said loudly deliberately, and deliberately turned her head back. Take a look at Chu Fei.

Liu Suhong’s face turned green when she heard this, and she gritted her teeth with anger.

Some shadows appeared in Wang Rongmin’s eyes. He had seen Chu Fei just now and knew that Lin Ziming was Chu Fei’s husband. He was immediately hostile to Lin Ziming, “It turned out to be him. It really doesn’t look very good.”

“Haha, of course, you don’t want to think about it. If he is a little capable, can he be so bad?” Chu Xuan smiled very happily, and she pretended to say: “Oh brother-in-law, I’m sorry. The population is straightforward, and you can say whatever you think of it, don’t take it to heart.

Han Xuefen turned around and said to Liu Suhong at this time: “Brother Xiong, sister-in-law, don’t you want to buy a villa in Yulong Bay, Chu Fei can’t afford to pay, you can ask your good son-in-law to help buy it.”

Chu Xuan also said: “Yes, my sister-in-law, my brother-in-law is rich. A while ago, I took 100 million from Ziqiong Media to invest in Shengke Lighting. I believe that the villa in Yulong Bay is more than 10 million. Brother-in-law is relaxed. You can take it out, haha.”

The two mother and son sang and sang together, attracting everyone in this hall.

Liu Suhong gritted her teeth, trying to refute, but there is no way to do it. Who is wrong to say it!

Lin Ziming was a little surprised when he heard this. Chu Fei’s family came to Yulong Bay, are they planning to buy a villa?

This is a coincidence.

Chu Fei’s face was ugly. I don’t know why. After the divorce, she felt different when facing Lin Ziming. She especially didn’t want Lin Ziming to see her embarrassed.

So she couldn’t stay any longer, pulling Liu Suhong’s clothes, and whispering: “Mom, stop coaxing, let’s go home.”

Liu Suhong’s face couldn’t hold on either. For the face-loving her, it was very hard to be compared with Han Xuefen’s mother and daughter, but she had no choice but to complain bitterly, “It’s all to blame. You don’t have money even if you become the chairman, and your dad and I lose a lot of face again!”

When Han Xuefen saw them leaving, he immediately stopped them and said jokingly: “Yo sister-in-law, don’t you also want to buy a villa? Why are you leaving? Isn’t it true that you can’t afford it?”

Liu Suhong couldn't help it now, and said loudly: "Who said we can't afford it! We just don't want to buy it today, can't we buy it tomorrow? You can control it!"

Chu Xuan said without mercy: "Haha, madam, you can't afford it if you can't afford it, and there are so many excuses. It is true that Yulong Bay is the most high-end villa area in Huacheng after all, and it is not everyone. Affordable."

This is ugly. Chu Fei couldn't hear it, and she clenched her teeth. Originally, her mentality was pretty good. Even if Han Xuefen and Chu Xuan were so yin and yang, she didn't know what to say, but after Lin Ziming appeared, She immediately collapsed, and said irritably, "Don't you just want to see our jokes? We really can't afford it, so what's the matter!"

Her eyes are a little red.

Then she turned around abruptly, planning to leave quickly.

Han Xuefen and Chu Xuan looked at each other, and they were both extremely proud, as if they were a victor.

However, at this moment, a loud voice rang, "Who said we can't afford it?" It is Lin Ziming.
