

Chapter: 434

“Okay.”

Lin Ziming agreed without thinking about it.

Wang Rongmin was stunned by his altogether, but then he sneered, thinking that Lin Ziming was just playing mystery.

“Then it doesn’t need to say that much, just pay.” Wang Rongmin also took out his bank card, and then he was about to start paying, and directly bought a villa worth more than 15 million yuan.

Lin Ziming smiled and said to Chu Fei, “Which one do you have a fancy, let’s just buy it.”

Chu Fei immediately pulled Lin Ziming aside and said in a low voice, “Lin Ziming, what the hell are you doing, we don’t even plan to buy a villa in Yulong Bay!”

The smile on Lin Ziming’s face remained unchanged, “Then you can’t let Chu Xuan’s mother and daughter look down on him in vain, right?”

Chu Fei bit her lip, “But I have no money.”

“Nothing, I have.” Lin Ziming smiled very brightly. His smile gave Chu Fei a special feeling in her heart.

“Lin Ziming!” Chu Fei increased her voice. “We are already divorced. Why do you still help me like this?”

She stared at Lin Ziming tightly, trying to get some answers she wanted from Lin Ziming, but she was disappointed. Lin Ziming’s expression was very flat, still smiling, and she couldn’t see any special emotions inside.

“You can be friends even after a divorce.”

“I don’t have so much money to pay you back!”

Lin Ziming didn’t have a word, but directly said to Liu Suhong and Chu Huaxiong: “Dad, Mom, which villa do you like, I will buy it now.”

Now Lin Ziming’s expression looked too natural, and there was no sign of guilty conscience. Both Liu Suhong and Chu Huaxiong began to hesitate. There was a voice in their minds. Could Lin Ziming really have the money to buy it?

For a while, they were already desperate, but some hope arose...

Liu Suhong said, “Look at this.”

Chu Huaxiong also followed up and said, “Yes, it’s fine if you just look at it.”

After all, Lin Ziming has divorced Chu Fei now and has no relationship with them, and it is not good for them to directly ask Lin Ziming to help buy such an expensive villa.

Seeing that they were still chattering, Chu Xuan was obviously procrastinating, and said impatiently: “Hey, I said if you still buy it, don’t waste your time if you don’t buy it.”

Lin Ziming walked over again and said, “Buy it, why don’t you buy it, but

this is not the villa we fancy.”

Chu Xuan was happy for a moment, showing a look of contempt, “Ho ho, I knew you would say that. But it is true. You can’t afford a villa of more than ten million yuan even if you work for a lifetime.”

The expressions of those surrounding people looking at Lin Ziming were also full of contempt. For Hwaseong City, 99% of the people couldn’t afford the luxurious villas in Yulong Bay. This is not a shame, but it’s a problem. It’s because Lin Ziming can’t afford it, and he’s still stubborn, which is disgusting.

Especially compared to a successful person like Wang Rongmin, the gap is even greater.

In fact, it wasn’t just them, even Liu Suhong and Chu Huaxiong thought so, so they were invisibly separated from Lin Ziming.

Lin Ziming just smiled at this and didn’t pay any attention to them. Instead, he directly said to the real estate salesperson: “Which period is your most expensive villa area?”

Everyone was stunned when he heard this sentence, including the real estate salesperson who responded in the same way. After a while, the other party said: “It’s the villa area of Phase 9 and the average price over there is more than 30 million yuan. .”

“Well, just over there, take me to see.” Lin Ziming said with a smile.

Everyone thinks that he is crazy, he can’t take out more than tens of millions, and want to see the most high-end?

Chu Xuan and Han Xuefen looked at each other, and then both laughed. They thought that Lin Ziming was just sensationalizing. They had already broken the jar, so they were not nervous at all, but happier, and waited a moment to see Lin Ziming and Lin Ziming. How can Chu Fei’s family make a fool of themselves?

Moreover, if this incident is passed back to the Chu Family, it will be even more exciting, enough to make Chu Fei’s family embarrassed in the Chu Family!
