

Chapter: 437

This is not 40,000 yuan, nor 400,000 yuan, but forty million yuan, forty million yuan! Even for Wang Rongmin's company, the real value is only around 40 million yuan, but Lin Ziming directly bought a house and put out 40 million yuan, which was still paid in one lump sum.

He now wondered if he had hallucinations.

As for Chu Xuan and Han Xuefen, their expressions are the most exciting.

Lin Ziming smiled and said, "Chu Xuan, now it's your turn. Let's get the money ready. I took a look and found the big villa next door. It doesn't need to be too expensive. 35 million can be settled."

Then, Lin Ziming said to the salesperson at Yulongwan, "Beauty, go and prepare the procedures for that villa. My relative's boyfriend is the big boss, 35 million is nothing to say."

Suddenly, there was a bunch of salesmen rushing out to prepare for the formalities. This is a super big order.

However, for Chu Xuan and others, they are not so excited. Now their scalp is numb, and their hands and feet are a little cold. Even now, they can't understand why Lin Ziming is killed. It's unscientific to spend so much money. Could it be that there was an illusion? For this reason, Chu Xuan and Han Xuefen also pinched themselves vigorously, but they grinned in pain.

In a short while, the sales clerk of Yulong Bay sorted out the contract, rushed over at running speed, put it in front of Chu Xuan and others, and said quickly and excitedly: "Hello three bosses, this is the ninth phase of Yulong Bay. According to the purchase contract of b666, this house covers an area of 900 square meters. It also has swimming pools and other facilities. It is very luxurious and uses the best materials for decoration. Living in it is just like a palace..."

The salesperson Barbara introduced a bunch, and finally she said: "This villa, the total price is 35.88 million, are you swiping the card? As long as the payment is successful, within half an hour, The transfer can be successful, and you can also come in and live tonight."

All of a sudden, everyone looked at Chu Xuan's trio.

Guru!

Chu Xuan and Han Xuefen swallowed hard, their brains are now messed up, they are completely Liushenwuzhu, they have grown up, they have not encountered such ridiculous things.

"My dear..." After a while, Chu Xuan began to shake Wang Rongmin's hand, acting like a baby, and Wang Rongmin's face was already black!

35.88 million, even if he sold his company right away, he wouldn't be able to collect so much money.

He immediately took his hand back from Chu Xuan, took out a cigarette and

started smoking, only to find that his hands were a little trembling.

Lin Ziming said again: “What’s the matter, Chu Xuan, are you still not paying? Wouldn’t you be unable to pay?”

Lin Ziming likes to do things like beating a dog in the water most. He has never been a kind person. Just now, the three of Chu Xuan didn’t ridicule him.

Han Xuefen couldn’t stand Lin Ziming’s expression in particular. She also said to Wang Rongmin: “Yes, Rongmin, didn’t you say that you want to buy Xuan’er a villa in Yulong Bay.”

Wang Rongmin still didn’t speak, his face was dark, and he was still flustered. His face was so embarrassed this time.

Chu Xuan is an extremely face-saving person. In this situation, she really feels very embarrassed and irrational, and began to even more strongly demand Wang Rongmin to buy a house for her.

But as a result, Wang Rongmin was directly annoyed, and he pushed her away, cursing: “Buy a fart! Where can I get so much money!”

After speaking, he just stood up and walked away quickly...

Chu Xuan and Han Xuefen were left ashamed.
