

## Chapter: 439

They were talking not far away. Lin Ziming's hearing was good, and he heard the words of the two mothers and daughters. The corners of his mouth could not help but raised slightly. In the past few years, Liu Suhong hasn't buried him, and now he is starting to admire him.

Chu Fei bit her lip, looked back at Lin Ziming, and then walked away.

To be honest, she knew that she was a bit gaffe in doing this. Anyway, Lin Ziming helped them out, but she didn't say thank you very much. It seemed a bit impolite to leave like this.

However, she really has no way to face Lin Ziming with a normal mentality, especially after Lin Ziming is so good!

So the only thing she can do now is to leave Lin Ziming as soon as possible, so that she can calm down.

Liu Suhong reluctantly gave up, she really wanted to live in the forty million mansion, but Chu Fei had already left, and it would be interesting for her to stay here.

She also took a deep look at Lin Ziming, deeply regretful. If she knew that Lin Ziming had such a beautiful day, she would not approve of Chu Fei and Lin Ziming's divorce! Now she really wants to go back and talk to Lin Ziming, please Lin Ziming, let Lin Ziming and Chu Fei remarry, and give them this 40 million villa, but she can't open this mouth for a while. In the past, she did not humiliate Lin Ziming.

Ugh! This time, it was really a misfortune that became an eternal hate.

Even Chu Huaxiong, he was very regretful. Now Lin Ziming's eyes are getting more and more pleasing to the eye, thinking about it, and after he goes back, he will talk to Chu Fei and see if he can remarry Lin Ziming.

After they were all gone, Lin Ziming withdrew his gaze and felt particularly happy. After so many years, he could finally exhale in front of Chu Fei's family.

Next, he and Yulongwan finished the program and moved in directly on the same day.

This villa has been renovated. The furnishings and everything are ready-made, and there is no formaldehyde smell. You can move in directly. It is very convenient and suitable for Lin Ziming's current situation.

.....

"Feifei, where did Lin Ziming get rich? Why did he become so rich all at once? He can even afford a 40 million villa."

After returning home, Liu Suhong immediately asked Chu Fei anxiously, what had just stimulated her too much, she had no idea that she would have such a beautiful day if she had been abandoned by her for so long as a wasteful son-in-law. .

Chu Huaxiong also asked: "Yes, Feifei, last time Lin Ziming Shengke

invested 100 million yuan, isn't it really Lin Ziming's money, right? But the account is from Ziqiong Media's account over there, Lin Zi When did Ming get involved with Ziqiong Media?"

Liu Suhong said again: "I really didn't expect that Lin Ziming would have a day of turning over, and he would have turned into a big boss from a waste of firewood. Oh, Feifei, you just said something, mom is almost dying."

Chu Fei always had an expression on her face, and after changing her shoes, she walked directly to the room.

Liu Suhong was not reconciled, and immediately caught up to her, stopped her, and said, "You girl, you don't put mom in your eyes more and more!"

"Now that Lin Ziming and I are divorced, he is not rich, does he have anything to do with us?" Chu Fei said coldly.

"Why doesn't it matter? Anyway, you have been married with him for four years. If you don't listen, you have been slept by him for four years! Even if you get divorced, so what? Isn't he slept in vain? Before he was not able to help at our house, but now that he has money, he has to compensate us anyway."
