

Chapter: 441

Lin Ziming smiled and didn't speak any more. After wiping off his sweat, he stopped training, walked to the balcony with the ugly master, blowing in the wind, and said, "This time I went back to Lin's house and defeated Lin Zihao. It's all reported."

"Well, I heard." The ugly master nodded, his tone of admiration and admiration for Lin Ziming could not be concealed. When he knew about this, his heart was still shocked! He knows how powerful the Lin family is. It is no exaggeration to say that he is now the underground emperor of Hwaseong City. However, compared with the Lin family, he is a small person, and the Lin family can easily crush him. Especially Lin Zihao is even more difficult to deal with.

But now, Lin Ziming went to the banquet single-handedly. With the strength of one person, he stepped on the Lin family, and taught the Lin family a lesson. To be honest, when he first heard this message, his first reaction was incredible.

When Lin Ziming said this, he paused, his eyes looked far away, his eyes deep, as if there were endless vicissitudes and secrets.

After a while, he said, "Joker, do you know my mother?"

The Ugly Master was stunned for a moment, obviously he didn't expect Lin Ziming to ask like this.

"Madam is a kind-hearted and generous person, gentle to everyone, like a spring breeze, she is one of the most beautiful women in the world I have seen." The Ugly Master said seriously.

Lin Ziming laughed and said, "I don't think you have such a high evaluation of her, even the world of Mu Yi said it."

The ugly master sighed and said, "Unfortunately, good people don't live long, and my wife passed away at such a young age."

He said these words with regret and nostalgia on his face. Everyone who saw him like this would believe that he said these words sincerely, but Lin Ziming didn't have any.

"Joker, your acting skills are superb, you almost fooled me." Lin Ziming said with a smile, and gave the clown a thumbs up.

Ugly, when I heard this, his pupils shrank obviously, and some consternation flashed through, "Second Young Master?"

Lin Ziming stared straight into the eyes of the ugly master, the smile on his face gradually became cold, and finally his expression became serious, and he said very seriously: "Tell me, what is her identity and why is she doing this?"

Chou Ye was stared at by Lin Ziming like this, his breathing became uncontrollable, and the expression on his face appeared a little unnatural. He is the underground emperor of Huacheng, just the word Chou Ye. I don't

know how many people have it. He was frightened, but he looked so weak in front of Lin Ziming.

It was wrong, but weak, his aura was completely concealed by Lin Ziming. However, in the end, Ugly Master is still a big man, and his psychological quality is far superior to ordinary people. He quickly recovered his naturalness. He looked at Lin Ziming with clear eyes and asked suspiciously: "Second Master, forgive the clown for being stupid. I can't understand what you mean by Second Master. ."

Lin Ziming looked at the clown deeply, for almost ten seconds!

The clown also kept looking at Lin Ziming.

"Clown, you don't have to hide from me, I know, grandpa, she was murdered into a vegetable." Lin Ziming said this sentence expressionlessly, as if it had nothing to do with him, just saying goodbye It's just a human story.

However, the clown can still feel the anger and sadness in Lin Ziming's heart.

The clown was silent, and after a while, he asked, "Second Young Master, how did you find me?"
