

Chapter: 443

“Back! Answer! Me!” Lin Ziming said word by word, staring at the ugly master, an angry expression appeared on his face, and bloodshot eyes began to appear. The ugly master could clearly feel Lin Ziming’s heart. That anger of anger, like a volcano, will erupt at any time.

Even if he is a person with the identity of Chou Ye, facing Lin Ziming’s anger, he can’t help but get rid of it. But he still gritted his teeth and said, “I don’t know...”

As soon as he finished speaking, he was punched in the stomach by Lin Ziming. With so much strength, he only felt like he had been hit by a car, flew backwards, and then fell heavily to the ground.

He can be regarded as a person with strong fighting ability, but he could not help screaming after receiving Lin Ziming’s punch, his face was pale, and the pain was trembling with pain. It was so painful that he felt that his intestines were interrupted. The same!

Lin Ziming knew the weight of his punch. Even if a cow could be killed by him, even if the constitution of the ugly man was far beyond ordinary people, it would be difficult to bear it. At least he would have to lie down for a month to recover.

Humhhhhh...

Lin Ziming walked over slowly, grabbing the ugly master’s clothes very easily, lifting him up, putting him on a chair, helping him pat the messy clothes, and said lightly: “Tell me, where is she, I don’t Embarrass you.”

The ugly master was breathing tightly, gasping for breath, Lin Ziming’s punch was really too heavy, and he didn’t even think that Lin Ziming’s strength was so terrifying, he really deserves to be the young lady’s own son. “Little master, don’t embarrass me, I really don’t know.” Ugly master sweated heavily on his forehead.

If this picture were to spread out, it would definitely cause an earthquake in Hwaseong City. The famous ugly master was crushed and abused like this by a young man.

Lin Ziming’s eyes were cold, “Do you think I dare not kill you?”

A flash of fear flashed across Ugly’s face, and the muscles of his whole body became tense, but the next moment, he returned to nature and said, “Little master, I really don’t know. If you really don’t believe me, just do it.”

He bravely stared at Lin Ziming, with a face of openness.

Lin Ziming also noticed that the clown regarded death as home, and the more it showed, the identity of his mother, Qin Huayue, was special.

After thinking about it for a long time, Lin Ziming still didn’t know how to do it. He let go of the ugly master and turned to leave.

Ugly Master was stunned for a moment, he didn’t think why Lin Ziming had

left suddenly? He hurriedly asked, “Little master, where are you going?”
“Find her in my own way.”

Hearing this, the ugly master immediately panicked, ignoring the colic in his stomach, hurriedly overtakes Lin Ziming, and said, “Young master, you can’t do this! This way you and the young lady will be in danger!”

Lin Ziming stopped and stared at him, “Then tell me who she is and why she does this.”

Ugly master hesitated.

“Don’t challenge my patience.” Lin Ziming said coldly.

Finally, the ugly master made a decision and said: “In fact, the young lady and I come from an ancient and mysterious organization. This organization is very powerful and far from the Lin family can resist. The young lady’s status in this organization is very high. After coming out to practice, I accidentally met the enemy and was almost killed. It was your father, Lin Sheji, who saved the young lady’s life. As a result, the young lady fell in love with your father. With you, the young lady started to settle down in Lin’s house, I plan to remain anonymous and will not return to the organization in this life. Unfortunately, the good times are not long, the organization still finds the young lady and asks the young lady to go back, otherwise, the Lin family will be destroyed.”

“The young lady is well aware of the horror of the organization. If she doesn’t go back, the Lin family will definitely be destroyed. Therefore, the young lady can only reluctantly leave in order to preserve the Lin family. But unfortunately, the old man discovered this incident by mistake, and the organization will kill! Miss stopped it in time, and in the end Miss could only do it herself...”
