

Chapter: 449

The other female stars present, including Ning Yuning, were very upset in their hearts and cursed Hu Meizi secretly, shamelessly!

Lin Ziming smiled faintly, but did not respond.

When Yang Xiaomi saw Lin Ziming's reaction, she was up and down, and she didn't know what Lin Ziming meant.

Immediately, another female celebrity seized the opportunity, took the wine glass, walked directly to the seat next to Lin Ziming, and said to Lin Ziming with a smile: "Dong Lin, I toast you a glass, I wish you good health and all the best. , There will never be a shortage of beautiful women around."

This female celebrity is tall and a singer. She has a very strong high pitch and has a great reputation in China. She has been on many variety shows recently and is very popular. She is also younger than Yang Xiaomi. She has that pure look. Usually on the screen, it is pure and pure, but now in front of Lin Ziming, he is very active and sexy, which is heart-pounding.

When the other party walked over, Lin Ziming immediately smelled a fragrant breeze, which was particularly sultry, and being so close, it was impossible to say that there was no feeling at all. He was a man of blood and energy, and his blood was stronger than ordinary. A lot of people must be vigorous.

It's no wonder that when a man has money, he will easily become bad. This temptation comes automatically, and it is really not easy to resist it. The most important thing is that he is single now, there is no need to resist!

At that moment, Lin Ziming inevitably made ripples.

Fortunately, his concentration is very good. There was a momentary wave in his heart. The next moment he recovered his peace. He smiled and picked up a wine glass to clink with the other party, "I also wish you a better career and eternal youth."

After clinking the glasses, she simply sat down next to Lin Ziming, and she was still very close, Xiangfeng kept digging into Lin Ziming's nose.

Next, several other female stars all toasted Lin Ziming one after another, doing all they could to please Lin Ziming, and giving them away.

Ning Yuning was the last to toast Lin Ziming. It was not because she pretended to be high-minded and didn't look at Lin Ziming, but because she had the thinnest skin and was the least good at doing these things. She always wanted to speak, but she was always treated by others. The female celebrity was cut off halfway, and there was no chance to speak. In the end, with the help of Ye Piaoyang, she had the opportunity to toast Lin Ziming alone.

"Dong Lin, I also toast you." Ning Yuning stood up and toasted to Lin Ziming, the expression on his face was obviously nervous.

There are a total of six female stars in the audience, each with its own merits.

They are all first-class beauties and have countless fans. But in terms of beauty, Ning Yuning is still the highest, and Chu Fei and Guo Junyi are of the same level.

Lin Ziming naturally saw her nervousness. In fact, on the set that day, Lin Ziming felt her indifference and contempt for herself.

“Yeah.” Lin Ziming didn’t save her face, but he didn’t have much to say. After lightly touching the cup and taking a sip, he didn’t want to look at her again.

Seeing him like this, Ning Yuning bit her red lips tightly, not knowing why she was so wronged in her heart, her nose was sour, and she had the urge to cry!

As a first-line star in the entertainment circle, she is talented and has a large number of fans. How many men try their best to make her smile, and a random appearance can arouse cheers. A signature is worth a thousand dollars, but in front of Lin Ziming, She became useless, Lin Ziming didn’t even look at her. This kind of strong contrast really made her disappointed!
