

Chapter: 452

Ning Yuning was indeed an accident.

After she got out of the box, she went to the bathroom first. The more she thought about the things just now, the more she felt wronged. The point was that she couldn't figure out what she was wronged. It was obvious that she and Lin Ziming weren't even friends. Besides, isn't it normal for a man like Lin Ziming to have many beautiful women around him?

But she just felt very uncomfortable. She was never so ignored by men since she was a child, especially after she became a big star. Lin Ziming's indifference to her just now really hurt her self-esteem. If Lin Ziming is a nameless person, it doesn't matter. The key is that Lin Ziming is still a big person, and a big person who wants her to stand up high, she feels particularly uncomfortable.

In the end, she even cried aggrievedly, shed some tears, and hid in the bathroom aggrieved for a while, adjusted her emotions, and then prepared to go back to the box.

But as a result, when she came out of the bathroom, she met three men. When she saw her, her eyes lit up, and she was amazed by her stunning appearance.

"Oh, isn't this the big star Ning Yuning!"

The man in the middle blew his whistle, staring straight at Ning Yuning, and said in a vague way.

The other two men also looked at Ning Yuning lividly, and looked up and down Ning Yuning's figure.

Ning Yuning suddenly panicked. She was too anxious to come out just now, and she forgot to wear a mask and sunglasses. Now she put on them quickly and said: "You have admitted the wrong person, I am not Ning Yuning."

Said she was going to bypass them and leave.

It's just that she has been discovered now, and she walked away. The man in the middle grabbed her wrist and said, "A big star is a big star. She is really beautiful and her body is still so fragrant."

Ning Yuning was caught, and she immediately panicked, "Hey, what are you doing, let me go!"

"Big stars, don't be afraid, we are all your fans, come and sign us." The man said lividly, he leaned very close, and smelled the scent of Ning Yuning's body vigorously on his face. Showed a look of intoxication.

As a big star, when did Ning Yuning be molested like this? When those fans saw her, they treated her like a god. Now this man's rogue makes her particularly angry, "Enough! You! If you don't let me go, I will call the police!"

However, when they heard this sentence, they were not a little scared. On the contrary, they seemed to hear a big joke, and laughed, "Call the police?"

Is there such a naive thing about big stars?"

"Are you afraid you don't know who I am, do you think the police can scare me? I can make you unable to mix in the entertainment industry with just one call, haha."

"Brother Marco, just ask her to call the police to see if it works."

The three men didn't have the slightest fear on their faces, but they laughed jokingly, cats and mice-like expressions.

Ning Yuning chuckled in her heart, with a bad premonition in her heart. As a star who has been in the entertainment circle for a long time, Ning Yuning has also seen many big people. Naturally, her eyesight will not be bad. She can see it now. , The identity of these three men is not simple, not ordinary people. Especially the man in the middle is fluent, but his brow reveals wealth and confidence. The clothes he wears are also super famous brands, and he must have a lot of background.

"What on earth do you want to do?" Ning Yuning asked in a deep voice.

The man in the middle said, "What do you want to do? Didn't I say that I am a fan of you? It is our fate that I can meet you today. I would like to invite you to have a drink in the box and sign me. , This request is not too much, right?"

He said this, but his eyes were always on Ning Yuning's body, especially on her chest the most. The squint eyes made her particularly uncomfortable!

Ning Yuning said: "Sorry, I came out with our chairman of Heiyan Media tonight for dinner. He is still waiting for me to go back."
