

Chapter: 470

Chu Fei has realized what it means to fall into a trap and what it means to be bullied by a dog!

She bit her lip hard, trying not to let her tears fall.

But it was really difficult, and the embarrassment she suffered now was something she had never experienced before.

This is Chu Guodong coming over, calmly, and said angrily: “Chu Fei, what’s the situation?! Lin Ziming is the son-in-law of the Chu family, why did he hook up with other women? After going out, where should we put the face of our Chu family!”

“Yeah, it’s too shameful. Our Chu family is also a prestigious family in Hwaseong anyway. Now Lin Ziming is running outside to get in trouble. This is not to slap you in the face, but to slap us. Chu family’s face!”

“Chu Fei, how do you manage Lin Ziming? How can you not even do this thing well? It’s too shameful!”

“That’s right, just like her, even her husband can’t control her, and she still wants to control Shengke Company. Does she have this ability?”

“I see, she should be given the position of chairman!”

Suddenly, many people in the Chu family began to fall into trouble, saying bad things.

These words, like thorns, pierced into Chu Fei’s heart, making her extremely uncomfortable, and tears finally fell down!

She said loudly: “Enough! Lin Ziming and I have already divorced. He is meeting with other women outside. It has nothing to do with me, and I don’t have the power to control him!”

She couldn’t help it anymore and broke the incident.

When the Chu family heard this message, they all showed surprised expressions.

What, Chu Fei actually divorced Lin Ziming? Did they hear it wrong?

“Are you serious, you and Lin Ziming are already divorced?” a Chu family asked.

Chu Fei nodded and said, now she is willing to go, “Yes, I have divorced Lin Ziming, and whoever he associates with outside now has nothing to do with me or the Chu family. So you don’t have to worry about me. Shame on you!”

Liu Suhong and Chu Huaxiong sighed, and they were particularly disappointed in their hearts. They were really good fortune. Now that Lin Ziming has finally made a fortune, he even divorced Chu Fei.

Chu Xuan was happiest when she heard this message. She couldn’t help but laugh out loud and said, “Wow, Sister Feifei, are you? You divorced Lin Ziming? Lin Ziming is now the big boss. Not only can you afford a large villa in Yulong Bay, but you also have a hot search with the big stars of

Ning Yuning, Qingqing, I, and I. Sister Feifei, are you dumped by Lin Ziming?”

Chu Fei pretended not to hear what Chu Xuan said, and clenched her fists under the table, tears in her eyes.

Others reacted and joined the industry of mocking Chu Fei. Now Chu Fei has become a joke.

“Enough said, no!”

Finally, Chu Fei couldn't help it anymore, she slammed the table and burst out.

Everyone was taken aback by her.
