

Chapter: 472

Chu Fei left, leaving a bunch of Chu family embarrassed there, especially Chu Xuan, she was even more embarrassed now.

She gritted her teeth and looked at the direction Chu Fei was leaving, filled with bitterness.

Today Chu Fei can be said to have no face for her, she hates Chu Fei to death!

She must avenge this hatred, or she won't have the surname Chu!

Many Chu family members were complaining, thinking that Chu Fei was too much, and they didn't even put their elders in their eyes, and even dared to beat Chu Xuan. It was too shameful.

However, no matter how much they scolded, they still have no way at present. Who is Chu Fei, who is now the chairman of Centec, who controls the financial power of the family, even if they are dissatisfied with Chu Fei, there is no way.

However, at this moment, there was a sound of footsteps coming from the door, and then a group of people rushed over.

"Hey, who are you? Get out for me. This is where the Chu family gathers for dinner!"

Chu Hao saw this group of people coming in politely, and immediately walked over, cursing displeasably, wanting to drive them out.

However, as soon as he finished speaking, he was easily pushed away by the man in front, staggered back a few times, fell heavily on the table, and knocked the table over.

This sudden change immediately aroused the anger of all the Chu family. Several young people from the Chu family walked over, flexing their hands, and shouting, "Who are you, you dare to come here to be wild.", Look for death!"

"You dare to be rough with Brother Hao, I think these gangsters are tired of living!"

"Go together, kill these evil pens!"

Originally, because of Chu Fei's matter just now, these young people's anger became very angry, and they held their stomachs to vent their fire. Now these people rushed in and beat others, and they immediately ignited their anger, one after another. All come up to teach this group of people.

It's just that they rushed fast and were beaten faster, only to be beaten back within one round, especially embarrassed.

This sudden change frightened all the Chu family. Their Chu family had been established in Hwaseong for so long, and it was considered a bit famous. They had never encountered this kind of thing before, and they were even knocked on the door.

Many Chu family members started to feel scared when they saw the

menacing appearance of the other party.

In the end, the Patriarch Chu Guodong stood up and said in a deep voice: “Who are you, why did you break into my Chu family’s party and hurt my Chu family? If you don’t explain clearly, we will call the police!”

“Big Brother, today happened to be the party of the Chu family, it seems that something was wrong.” Ma Long said flatly to the tall man next to him. Wrong, this group of people were Ma Long and that eldest brother. They were arrogant and domineering and rushed directly to the Chu family.

The eldest brother nodded, he looked around, but he didn’t see Lin Ziming’s figure, frowned, and said, “Where is Lin Ziming? Let him get out of here!”

When Ma Long heard such domineering words from his elder brother, he was so excited that he couldn’t wait to see Lin Ziming kneeling in front of him begging for mercy!

He has blind confidence in his eldest brother, thinking that as long as there is a eldest brother, then Lin Ziming can definitely be settled. He has never been insulted like this when he grows up. To him, it is a great shame. If this hatred is not reported, he will never want to sleep in the future!

Many Chu family members frowned upon hearing this.
