

## Chapter: 474

What is a snake-hearted heart, Chu Xuan's current behavior perfectly interprets this.

Even many Chu family members took a breath and looked at Chu Xuan in horror.

This practice of Chu Xuan is undoubtedly betraying Chu Fei. You know, Chu Fei is Chu Xuan's cousin, who has the same grandfather, and is considered half a sister. There is blood relationship there, even if they don't get along in private, they won't betray Chu Fei.

Who can't tell that these people are coming fiercely and their identities are not simple. Chu Xuan is clearly pushing Chu Fei onto the fire.

Ma Long's eyes lit up after listening, and he immediately said, "Do you know where Lin Ziming's wife is?"

Chu Xuan smiled and said with an intriguing expression: "Of course I know."

"Then you quickly take me there!" Ma Long said.

Chu Xuan sold it off and said, "If I take you there, what benefit can you give me?"

She looked like a silky eye. Ma Long didn't know what was going on. He went straight to Chu Xuan's waist and said with frowning, "Of course, how can I lose you? After it's done, I It will definitely satisfy you."

Marlon bites the word satisfaction very hard, it's just as wretched and wretched, it's just a pair of dog men and women in embarrassment.

.....

After Chu Fei's family of three came out of the Chu family gathering, they went home directly.

Along the way, Chu Fei didn't speak, her face was somber and her eyes were red. No one could tell that she was in a bad mood now.

At this moment, Liu Suhong didn't dare to talk too much. She cared about Chu Fei a few words. After being ignored by Chu Fei, she also calmed down, for fear that she would provoke Chu Fei.

After returning home, Chu Fei also rushed directly to the room and locked herself up.

Liu Suhong sighed heavily, and said, "Oh! Why did you think Lin Ziming divorced Feifei? Feifei is so beautiful. Is Lin Ziming blind?"

Chu Huaxiong gave Liu Suhong a fierce look and cursed: "That's not a good thing you did!"

Liu Suhong said angrily: "How come it has become a good thing for me, you can explain it clearly to my mother!"

Chu Huaxiong is rare this time. He also widened his eyes and said loudly, "Is Lao Tzu wrong about you? In the past few years, it's not that you have humiliated Lin Ziming every day and didn't give him a little dignity. He will

talk to Feifei. Divorce! I think what happened today caused this, and you are at least 80% responsible!”

Liu Suhong was stunned. After being married for so long, Chu Huaxiong still didn't have such a fierceness against her, causing her neck to shrink and her aura a lot weaker. He said, “What are you doing so fiercely? You didn't humiliate him less before. Ah, at that time Lin Ziming was indeed a waste, who knew he would be lucky and made a fortune.”

Speaking of this, Liu Suhong was very aggrieved and confused when she arrived. She really couldn't figure out how could someone like Lin Ziming become a rich man overnight? This is simply unrealistic!

Now she is going to regret how much she regrets, she knew that this day would come, and she would not humiliate Lin Ziming if she was killed, alas! Chu Huaxiong said emotionally: “Fengshui turns around, don't bully the young and poor. There is really nothing wrong with this sentence! Who would have thought that the old son-in-law would have such a glorious day.”

At this moment, Chu Huaxiong felt very bleak and laughed at himself.

However, at this moment, suddenly, there was a knock on the door, and the shot was very hard, bang bang.
