

Chapter: 480

On the way, I met a few neighbors who knew Lin Ziming. They were all a little scared when they saw Lin Ziming's fierce look, and they didn't dare to say hello to Lin Ziming.

Indeed, Lin Ziming's appearance now looks too horrible, even horrible, completely changed.

Finally, he rushed to the floor of the Chu family at the fastest speed. In the corridor, he saw a few people standing at the door, and a fire burst out of his chest again!

He speeded up his pace and walked over. The few people heard his footsteps and they all looked over. Someone whispered into the room, "Brother Long, this guy is here."

Malone's playful voice came from the room, "Oh, he's here, hurry up and invite him in. I've been waiting for him for a long time, haha."

Lin Ziming tried to control his situation and walked directly in.

Suddenly, he saw a scene that made him angry and his eyes cracked!

All three of Chu Fei's family were tied to the ground. There were obvious slap prints on Chu Fei's face, her eyes were flushed, and she was already crying and swollen. Especially the kind of grievance and fear that made Lin Ziming look at him incomparably. Worried.

The anger that has been suppressed, at this moment, is like a volcanic eruption, anger filled his whole body! He was so angry that he couldn't help trembling, panting like a cow.

And Liu Suhong and Chu Huaxiong also had traces of being beaten.

At this moment, Lin Ziming was both angry and guilty. It was he who made them tired!

With guilt and distress on his face, he walked up to Chu Fei and gently wiped the tears off her face, and said, "Fei Fei, I'm sorry, this time I am tired of you. I'm really sorry."

He has never felt as guilty as he is today, and his whole heart is twisted into a ball!

If he was wronged himself, what would it mean to be wronged, but the Chu Fei family was hurt and wronged. For him, it was really too guilty and too uncomfortable.

Chu Fei had been holding back the tears, trying not to fall, but Lin Ziming's words directly caused her emotions to collapse, and the tears could no longer be stopped, and they flowed down and couldn't stop.

When Lin Ziming saw her like this, he was even more worried, and at the same time, he was even more angry and fierce in his heart, completely unable to suppress it!

Lin Ziming had to hug her and kept saying sorry.

Liu Suhong cursed: "Sorry, is it useful? If it wasn't for you to cause trouble

outside, would we be involved? In order to protect you, Feifei refused to call you all the time, for fear that you would be beaten to death. I would rather be wronged!”

Hearing these words, Lin Ziming felt even more guilty.

At the same time, his emotions reached a critical point, and he said, “Mom, don’t worry, I won’t let you be wronged in vain.”

After speaking, he finally helped Chu Fei wipe away the endless tears, and then began to stand up.

“Ma Long! You’re looking for death!” Lin Ziming’s eyes burst out of bone-chilling coldness, staring at Ma Long, his fist was squeaked by the kapaka, which was very frightening.

However, Ma Long was not afraid of him at all. Seeing him so fierce, he laughed instead, “Hahaha, I’m looking for death? Okay, you come to kill me and see!”
