

## Chapter: 482

In fact, Lin Ziming had long known that Ma Long dared to come over to find his troubles this time. He must have been relying on him. Most of them had found a good place in the town. Before he came, he had been mentally prepared.

But he didn't expect that Ma Long would find someone from Luo Tian's organization this time.

Lin Ziming has seen this person before, and at first he thought it was a master that Ma Long had found outside.

Since he learned the truth from the clown, he had a hunch that he would meet people from Luo Tian organization in the near future, but he didn't expect that he would meet so soon.

This is really fateful enough!

After the other party calmly walked out, he started to look at Lin Ziming, without answering the question, but made a slurping voice, saying: "Sure enough, he is the son of a saint. Even if he is married to a waste wood, he can still give birth to such an excellent seedling. Come out, not bad, not bad."

There was no hostility in his eyes when he looked at Lin Ziming, only appreciation, as if he was looking at a work of art, not at a person.

When he was looking at Lin Ziming, Lin Ziming was also looking at him, and found that the opponent's strength is still quite strong, there seems to be an explosive power in his body, and in vaguely, he can still feel that the other party has a kind of 'otherworldly'. The taste of it is different from the people Lin Ziming has seen. That kind of feeling, it seems that the other party is not an ordinary person, but one level higher than an ordinary person! Lin Ziming has seen a lot of people, but he has never seen anyone with this kind of temperament, including some very strong bosses, and he hasn't given him this feeling!

Looking back now, it seems that my mother is a similar person. Although I can see each other every day, I always feel very hazy and disappear at any time. At that time, he didn't know the identity of his mother, and thought it was a unique temperament of his mother. Now it seems that people in this Luo Tian organization will have this temperament.

Now he is more and more interested in Luo Tian organization!

There are still many people in the room. Hearing their conversation, they all felt very puzzled. They didn't understand at all. Only Ma Long could know some of it. Now he opened his eyes wide and looked at Lin Ziming with horror!

The so-called elder brother's believer, Ma Long knew that eldest brother was very powerful. It came from a mysterious organization, and was particularly powerful. The Kunlun Group behind him was simply not

enough in front of this organization. That's why he was so eager to join this mysterious organization, and now, Lin Ziming is also a member of this organization, depending on the situation, his status is not low.

But fortunately, the eldest brother is hostile to Lin Ziming, it seems that it is not an alliance.

As for Chu Fei's family of three, they are completely confused. What is this and what? Lin Ziming is not a poor boy from the countryside, doesn't he have a little background? How come you have become the son of a saint, and it sounds amazing?

Did they have hallucinations?

Including Chu Xuan, who has been hiding in a corner and shivering, looking at Lin Ziming with a ghostly expression. Now her worldview has undergone a huge subversion. Lin Ziming, the son-in-law who is not as good as a dog in the Chu family, is actually so good at fighting, and his status depends on her status. It's not easy to get up? God, is this world crazy, or is she delusion? Chu Fei bit her lip tightly. After a short period of astonishment, she has already recovered. Combined with Lin Ziming's various 'magical' performances recently, Chu Fei has begun to realize that Lin Ziming's identity is definitely not simple. .
