

## Chapter: 489

Of course it was impossible, he just knocked Lu Dongbin unconscious. Killing is illegal, even if he really wanted to kill Lu Dongbin, he wouldn't be stupid enough to do it in full view.

He turned his head and saw the eyes of everyone looking at him, especially Chu Fei's family of three, he couldn't help but sighed in his heart. What happened today really exceeded his expectations.

So sometimes life is like this, even if you plan carefully and plan carefully, there will still be unexpected events. No one can completely control their life in their own hands, and the future is full of unknowns.

But it happened if it didn't happen, and it's no use regretting it. Now let's see how to explain it.

He walked up to Chu Fei and said guiltily, "I'm sorry, because my business has affected you and made you scared."

Chu Fei looked at Lin Ziming and had countless things to ask, but she couldn't say what she said. What happened today completely subverted her worldview, even if her psychological quality is strong, it will be a half for a while. It is also difficult to accept.

At the end, she had to shake her head and said softly: "Nothing."

"Yeah." Lin Ziming was very guilty, but at the moment, he couldn't explain too much, and had to solve Ma Long and Chu Xuan.

He looked at Liu Suhong and Chu Huaxiong, and said, "Dad, Mom, I'm sorry, I'm frightened you, I'll help you loosen the rope."

The rope is hemp rope. It is very thick. You have to cut it with scissors. Of course, for Lin Ziming, it is not a problem. He can break it at will. Anyway, the fact that his martial arts is high and strong has been exposed, and he does not need to be like that. Hidden like that before, broke the rope directly and loosened them.

When Liu Suhong and Chu Huaxiong saw Lin Ziming effortlessly, they tore such a thick rope. They were so scared that their bodies trembled. They didn't dare to face Lin Ziming. Liu Suhong smiled dryly and said, "There is nothing wrong with you. Too polite, ho ho ho..."

Chu Huaxiong also said: "Yeah, yeah, yeah, Ziming, you are too polite, we have nothing, nothing has happened."

Lin Ziming felt helpless when he felt the fear of the two elders, but he didn't bother to explain anything.

Finding something, Lin Ziming said coldly: "Ma Long, you move again, I will break your leg."

Ma Long, who was about to leave secretly, heard these words and couldn't help but shudder all over his body. His face turned pale in fright. He stopped stiffly and did not dare to move anymore. He turned his head mechanically and saw Lin Ziming. With that sneer expression, he only felt like he had

fallen into an ice cave, shivering, and quickly explained: “Don’t get me wrong, Lin Dong, I don’t want to go, but I stand for a long time and want to move my muscles and bones.”

Seeing Lin Ziming walk towards him with a cold face, Ma Long’s mentality immediately exploded, thumped and knelt down, kowtow to Lin Ziming and apologize, begging Lin Ziming to forgive him.

The others also knelt down and begged for mercy, and now they had no antagonism towards Lin Ziming, and they were completely respectful of Lin Ziming.

Lin Ziming didn’t feel too hard for them, but he didn’t let them go easily, so he just gave them a kick, kicked them off a few ribs as punishment, and finally said to Ma Long, “It’s for your Lao Zi Ma Kaiyu’s sake. Come on, this time I will spare you a dog, and next time, I will not just kick your ribs. Of course, you can also choose to go to the police and ask me to take revenge. You have the guts anyway.”

“Don’t dare, absolutely don’t dare!” Ma Long shook his head like a rattle, and then asked cautiously: “Then Lin Dong, can I go now?”

“Go away.” Lin Ziming waved his hand to let them go.

Then Lin Ziming called Han Jinlong to send someone over to tie Lu Dongbin with a five-stripe iron chain and take it away. Next, he will interrogate Lu Dongbin carefully about the Luo Tian organization.
