

Chapter: 494

Where does Lu Dongbin still look like he was extraordinary at first, standing high and looking down on sentient beings? It is completely a prisoner, and it is not an exaggeration to describe it as a beggar.

The clothes on his body were dirty and torn, blood stained, dying, and seemed to die at any time.

When he saw Lin Ziming, some panic flashed in his eyes, and he instantly regained darkness, full of fear.

The corners of Lin Ziming's mouth rose slightly, revealing a meaningful smile, and turned around and said to Han Jinlong, "You beat him so badly."

Han Jinlong said quickly: "Chairman, I think he wants to escape, so he used some tricks. Please rest assured that the chairman, our subordinates are all well-measured, but let him suffer from flesh and blood. Life-threatening!"

Han Jinlong was panicked, for fear that he did something wrong.

Because Lin Ziming called him over that day, and directly handed him over. He didn't have any explanation about who it was and how he should be fettered. He also had no idea in his heart. It could only be based on Lin Ziming's attitude towards Lu Dongbin at the time. To make a judgment, I probably concluded that Lu Dongbin was Lin Ziming's prisoner, so when Lu Dongbin wanted to escape today, he asked his subordinates to use some means to teach Lu Dongbin, and the order was over.

Lin Ziming sighed. Han Jinlong became even more frightened when he heard it. He was about to apologize when Lin Ziming said, "You made your move too lightly, and you can't hurt him at all."

After finishing speaking, Lin Ziming kicked out suddenly. Lu Dongbin's pupils contracted suddenly, the muscles of his whole body became tense, and he reacted. He wanted to dodge, and his movements were very keen, but his speed was still slower and he couldn't keep up with Lin Zi. Ming, was finally kicked by Lin Ziming on the waist, kicking him hard against the wall like a ball, spitting out a mouthful of blood!

"You should be like me to hurt him, otherwise it would be tickling for him."

Lin Ziming said with a smile.

When Han Jinlong saw this scene, he was obviously demented, completely dumbfounded. After he recovered, he swallowed hard, and the look in Lin Ziming's eyes instantly changed, and he became even more afraid.

He knows that Lin Ziming's identity is not simple. He is the chairman of Ziqiong Media, with a net worth of several billions. He also has something to do with Ugly, the underground emperor of Huacheng. Ruthless.

At this moment, he felt the majesty of a dragon from Lin Ziming's body, which should not be profaned or offended.

"Yes, yes..." Han Jinlong nodded quickly and said, "Thank you, the chairman for teaching."

Lin Ziming walked over to Lu Dongbin, with a bright smile on his face, like a normal friend, and said: “Lu Dongbin, your injury has recovered very quickly, I was almost deceived by you. If I come here one day later, you have all escaped.”

A sturdy fighter next to him said: “That’s impossible. With a few of our brothers watching him, it’s hard for him to fly!”

“Yes, just his physique, who has been injured so badly, how could he escape, and he is not a god.” The other thugs also said unconvincedly. They thought that Lin Ziming was underestimating their abilities.

When Han Jinlong saw that his two subordinates actually touched Lin Ziming’s mouth, he hurriedly slapped them in the face and cursed: “Fart! What kind of stuff are you guys? If you dare to question the chairman’s words, I will apologize!”

They were still very afraid of Han Jinlong. They were slapped by Han Jinlong and didn’t dare to answer their lips. They lowered their heads and apologized to Lin Ziming, but their faces were still obviously unconvinced.

Their performance made Han Jinlong angry, for fear that these two fools had offended Lin Ziming, and when they were about to teach them, they were stopped by Lin Ziming, “Okay, they don’t have the ability to meet Lu Dongbin. It’s normal not to believe it.”
