

Chapter: 499

If he is an ordinary person, he must have been fooled, but Lin Ziming has experienced so many things. He is a very smart person himself. How could he be fooled so easily? He said, “Lu Dongbin, it’s all at this juncture. , You’re still lying to me, and you want to threaten me”

Lu Dongbin’s eyes flickered, and he shook his head and said, “Lin Ziming, you are too suspicious. I have said everything for this purpose, and you still don’t believe me.”

Lin Ziming said: “You really don’t shed tears if you don’t see the coffin. Do you think you can fool me by this time? You came by yourself. There is no positioning system on your body, and it is impossible for people from other organizations to know about it, because At the beginning of the fight, you didn’t take me to heart. You just wanted to play with me like a cat and a mouse. So if I kill you now, your organization will never know.”

Hearing these words, Lu Dongbin’s body trembled fiercely, and for the first time an expression of horror appeared on his face, which was clearly said by Lin Ziming!

“Why, no words?” Lin Ziming seemed to smile.

Lu Dongbin’s mentality collapsed, and he began to beg for mercy: “Son of the saint, please let me go, just because I told you so many secrets of the organization!”

“You haven’t told me many secrets? You haven’t told me where the saint is imprisoned.” Lin Ziming said.

Lu Dongbin said bitterly, “I really don’t know. The saint’s status in the organization is noble. Where is the little person like me qualified to know. But I really don’t lie to you, you can’t be too high-profile, otherwise The organization will really trouble you. Once the organization takes action, you will definitely not be able to resist it.”

Lin Ziming believed this. After all, his existence was a black spot and a shame for Luo Tian Organization. If he grows up, Luo Tian Organization will definitely make trouble for him.

But, what if that is the case? When has Lin Ziming been afraid of him?

Don’t say that you are afraid that the organization will trouble him, even if the organization does not trouble him, he will also trouble Luo Tian organization in the future! After all, the grandfather died because of the Luotian organization, and his mother was imprisoned because of the Luotian organization. It is very likely that the death of his father, Lin Sheji some years earlier, was also related to the Luotian organization!

Next, Lin Ziming asked Lu Dongbin a lot of questions about the Luo Tian organization, and gained a deeper understanding of this organization, as well as a deeper understanding of his mother, Qin Yuehua.

Mother Qin Yuehua is a saint of Luo Tian organization. She has been

organized and nurtured since she was a child. She was like a jade. When she grew up, she only had to marry the saint king of Luo Tian organization and become the Virgin. Unexpectedly, her mother fell in love with ordinary people, Lin Sheji, and disappeared. After so many years of making a facelift, Luo Tian organization was very angry, and was finally found out, and almost the entire Lin family was exhausted!

In particular, his existence was even more impossible to exist in the world. It was his mother Qin Huayue who finally used her freedom in exchange for his survivorship.

“Mom, don’t worry, I will save you! Waiting for me!”

Lin Ziming clenched his fists, his eyes burst out with a terrifying light, and he swears in his heart.

After squeezing out Lu Dongbin’s value, Lin Ziming was about to abolish Lu Dongbin and let him go. At this moment, the locked door was suddenly kicked open violently. A figure walked in quickly and saw the room. Under the circumstances, a bit of cold flashed in his eyes. When he came to Lu Dongbin, he slapped Lu Dongbin and slapped Lu Dongbin to death.
