

Chapter: 503

Sister Hong pretended to be displeased and said, "Sister Chu, you are not giving me face! During this time, I have not taken care of your company's business."

Chu Fei quickly explained: "Sister Hong, you misunderstood, I didn't mean that, but I can't drink, just drink it, and it's too early now, my husband told me to go back..."

"If you can't drink, then don't drink so much. As for your husband, just refuse him. Besides, your husband is not a door-to-door son-in-law, he is not good at anything, and what he does. Let's play well. Our own is it. Believe Sister Hong, this is your first time, so you are more resistant. After you play once, you will know the benefits. I promise you will be grateful to Sister Hong in the future."

With that said, Sister Hong took Chu Fei's hand and walked towards the crowded place.

There are a lot of people in this banquet hall. There are hundreds of them, all of them are rich people from the upper class. But the scene is very unsightly. If Chu Fei hadn't seen it with her own eyes, she would not believe in this world. There is such a thing.

It can be said that Chu Fei is the most beautiful and best-built woman in the audience, and she is also a newcomer, so she attracted the attention of all men after she appeared on the stage. The eyes looking at her are full of aggressiveness, especially hot. Without disguising. This made Chu Fei feel unusually uncomfortable, like sitting on pins and needles, and didn't want to stay any longer!

Helplessly, Sister Hong grabbed her very tightly, not letting her leave, and had to grab her over.

"Oh Sister Hong, I really want to go back..." Chu Fei's voice already brought some pleadings and panic.

It's a pity that Sister Hong has already drunk her head, and her spirits are particularly high. As a person who came by, she knew that Chu Fei was shy the first time she came. As long as the first time passed, she would be completely let go. She came here too, and she didn't know how much fun she had had all these years.

"Introduce a new member, Chu Fei, the new chairman of Shengke Lighting. It is the first time for her to play in the circle. Men should be gentle with my sister." Sister Hong said with a big smile.

When the men heard that it was the first time that Chu Fei had come into the circle, he was still a chairman, and all of his eyes lighted up.

Especially Long Feiyu's gaze was the hottest. He stared directly at Chu Fei and made no secret of his strong interest in Chu Fei. The corners of his mouth also began to rise, revealing a smile of a hunter staring at his prey.

Chu Fei was stared at by these people. She was particularly disturbed and panicked. She hurriedly said to Sister Hong, "Sister Hong, I really want to leave. I have already called my husband and he is coming soon. Arrived."

Sister Hong immediately pulled her face down, and said angrily, "Sister Chu, what do you mean? I kindly brought you in. You kept saying you want to leave, and you called your husband, but you didn't give me. Face-saving."

"No, no, I didn't mean that!" Chu Fei hurriedly explained: "Sister Hong, how could I not give you face, but I am really not suitable for this place. I can't do things that I'm sorry for my husband, so I really want to I'm leaving, my husband will be here later, if he sees this, he will be very angry."

However, when the men present heard her words, their eyes became brighter. Those who came out to play, the more they liked to focus on those couples who had good relationships, so that they would have a more sense of accomplishment in conquering. In addition, Chu Fei is so young and beautiful, she is simply the best of the best!

Long Feiyu drank the wine in the goblet in his hand, then walked over and said to Chu Fei: "Miss Chu, hello, get to know, I am Long Feiyu from Eternal Real Estate, since you are Shengke Lighting Chairman of the Board of Directors, I believe we will have many opportunities for cooperation in the future."
