

Chapter: 504

I have to say that Long Feiyu is really handsome, he doesn't know how many times he is more handsome than Lin Ziming, he is not of the same level at all. Especially Long Feiyu is tall, wearing a white suit, he is the image of Prince Charming, and he doesn't know how many women he wants to conquer.

If it weren't for the so many experiences between Chu Fei and Lin Ziming, and the deep-rooted love, she would inevitably have a heartbeat.

Now Chu Fei looked at Long Feiyu, without any fluctuations in her heart, and her expression was very flat, but she said hello: "Mr. Long, hello."

Long Feiyu saw that Chu Fei's reaction to him was so indifferent, and some dissatisfaction flashed in his eyes. He has a great reputation in this circle. I don't know how many married women want to have a relationship with him. It is too late to cheat him. It was the first time I met Chu Fei who was so indifferent to him. For his arrogant character, this is an offense.

However, the colder Chu Fei's attitude towards him, the stronger his conquest of Chu Fei, and the more playful smile on his face.

The other men showed regret and unwillingness when they saw Long Feiyu going out. In their opinion, Chu Fei must be conquered by Ma Feiyu, and it would not be their turn.

For Chu Fei's top quality, it was already in front of her, but she couldn't eat it in one bite.

There is no way, who will let them have the strength of Ma Feiyu, they can only wait for Ma Feiyu to pick up second-hand ones after getting tired of playing.

Chu Fei couldn't see the thoughts in these men's hearts, she was extremely nauseous, she really couldn't stay here for a moment, especially the look in Long Feiyu's eyes, as if she would definitely be conquered by him, it was really disgusting.

So she immediately said to Sister Hong: "Sister Hong, I really want to go back. I will invite you to dinner next time."

"Hey, this is a good time, why are you leaving so early?" Sister Hong frowned and said.

Chu Fei didn't dare to offend Sister Hong easily, so she said embarrassedly: "Sister Hong, it's not that I don't give you face, but that my husband is coming soon and he sees it badly."

Sister Hong heard that Chu Fei was leaving again and again. She was about to stay and was about to agree. At this time, a woman said, "Sister Hong, you also know the rules of our circle. Come and go where you want to go. Did you recommend Chu Fei to come in at the beginning, but now she just came in for a meal and said she was leaving. What do you mean, do you still put us in your eyes?"

Others also echoed: "Aying is right. The threshold of our circle is very high. Everyone is an upper class person with a face and a face. We also let Chu Fei come in because of your face. As a result, she is now Suddenly he said that he was leaving, what do you think of us here, the vegetable market?"

"Sister Hong, you have to consider it, we are looking at your face!"

Several people began to attack Sister Hong and put pressure on Sister Hong. Immediately, Sister Hong's expression turned off. She said to Chu Fei, "Everyone is right. This circle doesn't just go in or retreat if you want to retreat."

After listening to Chu Fei's face suddenly changed: "Sister Hong, I really..."

Sister Hong interrupted her and said, "In this way, before your husband comes, you don't leave, chat with everyone, if you still can't stay, go again." Chu Fei bit her lip, she wants to leave now, but now in this situation, she also knows that she can't go away, once she leaves, then Shengke Lighting will definitely be difficult to move in Hwaseong in the future.

After some weighing, she had to agree and stayed until Lin Ziming came to pick her up.

Seeing her promise, Sister Hong smiled on her face, patted her on the shoulder, and whispered: "Sister Chu, I know your mood, but I just can't let go of it. I feel sorry for your husband. But you believe my sister, It's also harder for the first time. As long as you take this step, heaven will greet you with endless happiness, you know?"

Chu Fei had to show an awkward smile, not easy to refute.
