

Chapter: 508

After Lin Ziming hung up Chu Fei's call, he always felt something was wrong.

Lin Ziming has always been a person who pays attention to details. The first time Chu Fei called him tonight, there was something unspeakable and anxious in her tone. For Chu Fei's elegant personality, this is an abnormality, which shows that Chu Fei should have wanted to leave that place early. Moreover, Chu Fei was not easy to leave, so she had to find someone to pick her up to get away, so she called him and emphasized that he drove there.

And the surprise in Chu Fei's tone after he got downstairs just now shows that Chu Fei needs him very much now.

I waited downstairs for two minutes, but didn't wait until Chu Fei came down. Lin Ziming didn't delay anymore and went straight up to find Chu Fei.

This is a high-end clubhouse with luxurious decoration. The parking lot in front of it is full of luxury cars worth hundreds of thousands. You can see that it is a place where rich people can afford it.

But after Lin Ziming came in, he frowned slightly, and he didn't like this place.

He was very observant. After coming in, he saw several couples of men and women who behaved intimately, flirting there, and some of them were quite old. At first glance, he knew that it was not a husband and wife, but an improper relationship.

And in the air, there is still a scent that stimulates hormones, and the light is also that kind of ambiguous atmosphere, not like a serious place.

Lin Ziming suddenly remembered that when he was in Ziqiong Company, he had mentioned this place when he listened to the chat of several company executives. It seemed that it was specially designed to provide the upper-class society for some elusive transactions.

How could Chu Fei come to such a place?

Lin Ziming's expression immediately became gloomy, and it would be best if Chu Fei had something to do now, otherwise, he could not spare those who hurt Chu Fei!

With such worries, Lin Ziming quickened his pace and ran directly upstairs.

Now Lin Ziming's physique is far beyond ordinary people, and his hearing has improved a lot. After going upstairs, he heard the sound of arguing from one direction, and Chu Fei's helplessness was vaguely heard. He immediately became anxious, a fire burst out of his chest, and he ran over.

"Mr. Hey, this is a private party. You don't have a pass to enter."

When Lin Ziming rushed over, two strong bodyguards stopped Lin Ziming at the door with a tough attitude.

When he walked to the door, Lin Ziming heard Chu Fei's voice more clearly,

revealing panic and helplessness. It was clear that he was bullied. How could Lin Ziming bear it? He immediately pushed the two strong men violently. Open, then kick the door open!

You know, this is a solid wood door weighing hundreds of catties. It is difficult for ordinary people to break this door open in a short time with tools, but Lin Ziming kicked it open with a single kick and made a loud noise. The entire clubhouse was shaken!

The two brawny men who were pushed away ran over and were about to subdue Lin Ziming. When they saw this scene, their eyes were staring, and they trembled with fright. They quickly stepped back and looked at Lin Ziming as if looking at them. A monster.

As for the people inside, they were terribly scared. Everyone was shaken. Some of the more courageous people were even scared to sit on the ground. Suddenly, everyone looked at the door and saw Lin Ziming who was coming menacingly and fiercely at the door.

Including Chu Fei, she turned her head abruptly and saw Lin Ziming. Her eyes were red, as if she had found the backbone of her heart. Her panicked mood instantly relaxed at this moment and ran towards Lin Ziming, “Ziming”, You finally came!”

Lin Ziming saw Chu Fei’s grievance, panic, and the situation inside, he probably guessed what happened, and the anger in his heart burned more vigorously, and he suddenly rose.

He walked over quickly, put his arms in Chu Fei who had embraced Ruyan, and said, “Don’t be afraid, don’t be afraid. With me, no one will bully you. It’s safe.”

Chu Fei hugged Lin Ziming, and her heart was immediately settled.

Lin Ziming gently stroked Chu Fei’s hair, and asked softly, “What happened? Did someone bully you? Tell me, I’ll help you out.”

Chu Fei put her head on Lin Ziming’s chest, “They didn’t have time to bully me, so you arrived in time, Ziming, fortunately you have you.”
