

Chapter: 511

Following his order, two burly bodyguards came out, Kong Wu powerfully, and came over to grab Lin Ziming.

They didn't put Lin Ziming in their eyes at all, they underestimated the enemy, and there was a grin on their faces. However, as soon as they walked over, they didn't even bump into Lin Ziming, so they were kicked out by Lin Ziming in succession and kicked them. Flew out.

They have a lot of strength, they all have two hundred catties, but the two feet that were caught by Lin Ziming were kicked cleanly like a ball, causing them to doubt if they had hallucinations.

There was a brief silence at the scene, and Long Feiyu came back to his senses and said jokingly: "I said you are so courageous, you are still a practicing family."

On the contrary, Long Feiyu was more convinced of Lin Ziming now, thinking that Lin Ziming was just a martial artist, thinking that he could walk sideways in society after learning a little bit of skill. Now in the 21st century, the least valuable thing is force. Only power and money can gain a foothold in society.

Lin Ziming naturally knew Long Feiyu's thoughts, and he didn't bother to explain it.

Long Feiyu snapped his fingers and said, "Since I am a Lianjiazi, I want to see how well you can fight."

Immediately, the remaining dozen bodyguards all swarmed up and launched an attack on Lin Ziming.

Other people on the scene looked at Lin Ziming with disdain and joy, thinking that Lin Ziming would definitely suffer. Even if one person could beat him, he could beat more than a dozen people? Besides, these are all professionally trained.

But what happened next greatly exceeded their expectations.

I saw Lin Ziming holding Chu Fei with one hand, walking leisurely, as if dancing, and knocked down these more than a dozen bodyguards in three or two. The total amounted to only half a minute, an average of two. Put down one in a second.

The audience was silent for a moment, everyone opened their eyes wide, completely dumbfounded.

Lin Ziming clapped his hands lightly, making it feel like he had just done a trivial thing, and then looked at Long Feiyu, "Toast not to eat and fine wine. This is a good sentence. Originally, I listened to my wife's words and didn't plan to make peace. You are generally aware of it, but you have to make an inch of it. In this case, then I have to satisfy your wish."

Long Feiyu's pupils shrank suddenly!

It was really stunned by the strength that Lin Ziming showed!

He is also a martial arts lover. He has practiced Sanda and Karate for several years. Five or six ordinary people are not his opponents. But if he could defeat a dozen bodyguards so easily, he would never be able to do it!

In other words, Lin Ziming's strength is far above him.

At this moment, facing Lin Ziming's playful smile, he felt timid for the first time.

"Huh! Very good, very good! You actually dared to beat my people, you are maliciously hurting others, and you broke into our party illegally. It has already constituted a crime. I will call the police and catch you now, enough for you to drink. It's a pot!" Long Feiyu said viciously, taking out the phone to call the police.

Lin Ziming shook his head and looked at Long Feiyu like a fool, and then he didn't bother to talk nonsense anymore, let go of Chu Fei, and started walking towards Long Feiyu.

Long Feiyu was frightened by Lin Ziming's action, and began to back up, "Someone will stop him and give me time to call the police..."

But no one took care of him, and even the professional bodyguards were subdued by Lin Ziming two or three times. These so-called upper-class society, one by one, did not dare to come out to challenge Lin Ziming. Even they all stepped back to make room for Lin Ziming, bowed their heads and did not dare to look at Lin Ziming, for fear of provoke him.

Now Lin Ziming mastered the absolute rhythm.

When Long Feiyu saw this situation, his face changed severely again, gritted his teeth, and started to run.

Lin Ziming sneered disdainfully, stepped forward, grabbed with his right hand, extremely fast, caught up with Long Feiyu in two or three seconds, and kicked Long Feiyu's leg. Long Feiyu was in pain and thumped to his knees. When he came down, his knees hit the ground hard, with a loud scream, "Ah!!!"
