

## Chapter: 520

Early the next morning, Lin Ziming woke up, moved a little, and came to a clear consciousness. He lowered his head and saw the beautiful woman in his arms, curled up in his arms like a kitten, with the corners of his mouth slightly raised. With a happy smile.

The events of last night appeared in Lin Ziming's mind scene by scene, the madness, indulgence, blending that happened...he and Chu Fei have been together for so long, and finally they have achieved a positive result.

It's very dramatic. When he and Chu Fei were still a legal husband and wife, he still couldn't take that step with Chu Fei. As a result, he and Chu Fei became one after the divorce.

As Chu Fei was tossed hard by him, now it was time to rest, Lin Ziming gently kissed her forehead, and then put her down very gently.

His movements were already very light and gentle, but he still awakened Chu Fei, opened his eyes, saw him, was stunned, and then realized that he was not wearing clothes, and hurriedly covered his body with a quilt. Go blushing.

Lin Ziming saw her move and said with a smile: "You are still afraid of being seen by me. We all cooked rice and cooked rice last night."

Chu Fei remembered what happened last night. She was a thin-skinned person, and she snorted, and she got her head into the quilt, too ashamed.

"Don't look at me..."

Lin Ziming laughed, patted her ass, and then was about to get up.

Seeing that he was about to get up, Chu Fei stretched her head out again and said, "Give me my clothes, I want to get up too."

Lin Ziming said, "Don't you take a break?"

"No, I have to go to the company to work later." Chu Fei was still under the quilt, afraid to show her body. She was very shy. After taking the clothes, she said to Lin Ziming, "You turn around and don't peek at me. ."

Lin Ziming rolled his eyes. He had already seen each other frankly last night, but he was rather shy in the daytime.

Thinking that way, Lin Ziming still turned around obediently.

After a while, he suddenly heard Chu Fei's muffled sound. He looked back and saw Chu Fei lying on the bed, frowning, her legs tucked, and seeing this, Lin Ziming immediately understood what was going on. Up.

Chu Fei had just been broken last night, and she must still be in pain. He hurried over to help Chu Fei and said, "Don't move, don't go anywhere today, just stay at home and rest."

Chu Fei curled her brows. Just now, she stood up to put on pants. As a result, she was in pain when she lay down and raised her feet, and fell on the bed.

"It's all to blame for you, it makes people so hurt." Chu Fei pinched Lin Ziming in shame, her face flushed with shame, and she was very cute.

Lin Ziming smiled and said, “You can’t blame me, it’s obviously you who ran to me...”

“Don’t say it!” Chu Fei covered his mouth, her ears red with shame.

Seeing Chu Fei’s shy look, Lin Ziming smiled dumbly. At this moment, the faint happiness in his heart was the life he wanted to live.

Under Lin Ziming’s persuasion, Chu Fei rarely asked for leave today, staying at home to rest, and waiting for tomorrow to go to work.

Now that Centec Lighting is on the right track, even if she does not go to the company, it will not have much impact.

As people who came by, Liu Suhong and Chu Huaxiong saw Chu Fei’s appearance when they were eating at noon, and they immediately understood what was going on. They were so happy that they urged Chu Fei and Lin Ziming to have a baby quickly.
