

Chapter: 529

However, Qiu Yuanming saw Lin Ziming's persuasion, and became more determined that Lin Ziming was a little white face, and decided to take advantage of the victory to chase the dog, and immediately stepped forward, stopped Lin Ziming, raised his head, and said loudly, "Why, offend people. Want to go easily?"

Lin Ziming was a little unhappy now, frowned slightly, and said, "What do you want?"

Qiu Yuanming stared at Lin Ziming with a victorious attitude. He was the absolute king at this moment, and Lin Ziming was just his plaything.

"Chairman Zi Qiong is a good friend of mine. You dare to pretend to be him outside and slander his reputation. As a good friend, I must seek justice for my good friend." Qiu Yuanming said loudly.

His words immediately caused many people to exclaim, and the gazes looking at him became more intense and admired.

"Wow, this President Qiu is too awesome, he still knows Chairman Zi Qiong! This is an absolute big man."

"It's too strong. The high-ranking chairman Zi Qiong is his good friend. Then he must be the boss of the party. No wonder he can block others."

"Looking so young, the future is limitless."

As Qiu Yuanming listened to the exclamation of those around him, the smile on his face became stronger and his mood became even more distressed. In fact, he has never seen Chairman Shi Qiong, let alone a good friend of Chairman Shi Qiong, but he doesn't say that, who knows? And he is about to move to an advertising company newly opened by Chairman Michelle. By then, with his ability, won't it be a matter of minutes to get the appreciation of Chairman Michelle?

Now he straightened his waist, with a magnificent look, and deliberately looked at Guo Junyi with triumphant eyes, meaning that you gave up on me will be the worst decision in your life!

Guo Junyi was almost mad at seeing him so shameless. She was completely mad. She couldn't understand why there are such shameless people in this world! Lying will not blush at all. Lin Ziming is clearly in front of him, and Qiu Yuanming is still talking nonsense, what kind of character, what kind of shame!

Lin Ziming also had a strange expression, and asked Qiu Yuanming, "Are you sure you and Chairman Zi Qiong are good friends?"

"Nonsense!" Qiu Yuanming was very determined and said unceremoniously: "Your kid is bold enough, and he doesn't take a piss to show what he is like. Even Chairman Shi Qiong has to pretend to be? You are long-winded, quickly kneel down and apologize, I can also help you beg Chairman Zi Qiong to let him let you go, otherwise let him know, with his temper, you

will die every minute!”

Everyone looked at Lin Ziming gleefully, thinking that Lin Ziming had caused a catastrophe. As an adult, it is absolutely shameful to kneel down and apologize under the public.

Moreover, the current Internet is so developed, and everyone has mobile phones. When the time comes to take pictures and upload them to the Internet, then Lin Ziming will be a big hit.

Qiu Yuanming also thought of this. He was particularly happy, and the expression in Guo Junyi's eyes became more happy and proud.

At this moment, Lin Ziming suddenly laughed, “I see a lot of people who do not live or die. It's the first time I have seen someone like you with little eyesight. Originally, I didn't want to have the same knowledge as you. Don't take it to heart, now you want me to kneel down and apologize to you? Okay, in that case, then I will fulfill your wish.”

Hearing Lin Ziming's words, everyone was inexplicable. They acted very aggressively, and then said that they wanted to satisfy Qiu Yuanming's willingness. Is this schizophrenia?

Only Guo Junyi saw the expression on Lin Ziming's face. She was so excited that she clenched her fists and was very excited, because she understood that Lin Ziming was going to teach Qiu Yuanming!
