

Chapter: 532

Qiu Yuanming saw that Lin Ziming could still laugh, he kept sneering in his heart, thinking that Lin Ziming was a lunatic!

The call he had just made was to Mr. Pan, and he simply said the matter again, and then Mr. Pan was furious, and the answer application rushed over as quickly as possible.

You must know that Mr. Pan is the top of Ziqiong Media, with a net worth of over 100 million and a high status in the circle. He is one of his predecessors. This time he can work in the advertising company newly opened by Chairman Zi Qiong. It is the credit of President Pan, who introduced him to Wang Shougui.

Now President Pan is coming soon. With President Pan's temper and energy, he doesn't believe that Lin can run!

He is very aware of Pan's energy, even if his strength is not enough in front of Pan. Moreover, on the phone just now, he specifically confessed that the surnamed Lin is Lianjiazi, and his skill is good, implying that Mr. Pan calls more people over. As long as Mr. Pan is present, he will not believe that the surnamed Lin is immortal!

The only thing he has to do now is to watch the man surnamed Lin and prevent the man surnamed Lin from escaping, and drag him to Mr. Pan.

Judging from the current situation, the surnamed Lin didn't even run away, still showing a honey-confident smile! He really couldn't figure out where the confidence of this surnamed Lin came from, did he know a little about three-legged cat kung fu? You know, this is the 21st century, the era of hot weapons, or a society under the rule of law. Even if a person can fight, where can he go? This society is about power and status.

In his eyes, Lin Ziming was already dead.

Zhou Xinfang was very soft-hearted. She was also worried about Guo Junyi when she saw this situation, but she didn't dare to come over and talk to Guo Junyi openly, so she communicated with her eyes and let Guo Junyi run quickly, or wait for Ziqiong Media. The high-level executives of China are here, and they won't be able to run if they want to run then!

As a friend of Guo Junyi for many years, Zhou Xinfang knows that Guo Junyi is the daughter of the Guo family, and she has a deep background. However, the Guo family is not enough to look at in front of Michelle Media. Once the chairman of Michelle is to blame, Guo Junyi will not be spared as the daughter of the Guo family!

Unfortunately, what worries her is that Guo Junyi is actually indifferent, standing there stupidly, even talking and laughing with Lin Ziming, she is really going to faint!

Now she really seriously suspects that Guo Junyi's brain has a problem and

is in the water, otherwise she would not be stupid to such a degree based on her understanding of Guo Junyi!

She was very anxious, but there was no way she could do it. Now she really didn't dare to offend Qiu Yuanming.

"Ziming, who is this surname Pan, I have seen anyone?" Guo Junyi asked with a smile on her face without a little worry.

Just kidding, she knew Lin Ziming's true identity. If Qiu Yuanming called the police, she would still be a little worried. As a result, Qiu Yuanming called someone from Ziqiong Media to come, so what else should she worry about? You know, the most powerful person in Michelle Media is right in front of her. Now she is more and more eager to see Qiu Yuanming's expression when President Pan arrives.

There are also people like Zhou Xinfang. They don't believe what she said, and the truth will become clear when the high-level staff from Ziqiong Media arrives!

That picture is very exciting when you think about it.

Lin Ziming also had an intriguing smile on his face, and said, "You should have never seen it before, it's just a small high-level man."

"Oh, then he should know you?" Thinking of this, Guo Junyi asked nervously. Yes, if only a small character comes here, who is not qualified to recognize Lin Ziming, isn't it still a little troublesome?

Fortunately, Lin Ziming's next sentence made her completely relieved, and said, "I know."
