

Chapter: 536

“What about getting married, I can be your underground lover.” Guo Junyi said with a blush, looking down at her toes.

Lin Ziming was shocked by her words, and stupid, “You, you, what did you say?!”

Guo Junyi was also shocked by what she said, blushing fiercely, and quickly shook her head and said, “There is no such thing, it’s just a joke.”

Lin Ziming was about to faint, and said angrily, “You still think you are a child, you are in your twenties, and you can’t tell what to say and what to say. If your parents hear it. Now they must not be pissed off.”

Guo Junyi disagreed, and muttered in a low voice, “I’m so mad, they all wish that I would embrace you sooner.”

She said this a little quietly, just after Zhou Xinfang and others caught up, causing Lin Ziming not to hear it, and asked suspiciously: “What did you just say?”

Guo Junyi shook her head and said, “Nothing to say.”

She didn’t lie. Since the Guo family knew that Lin Ziming was Chairman Ziqiong and the owner of Ugly Master that night, the entire Guo family had thoughts about it, wishing that Guo Junyi hooked up with Lin Ziming, even if he knew that Lin Ziming was married. It doesn’t matter.

There is no way, Lin Ziming’s status is too high, if the Guo family can establish a relationship with Lin Ziming, then the Guo family will take off directly.

At this moment, Zhou Xinfang and others followed, stopped a few meters away and did not dare to move forward, their faces full of fear, awe, excitement, and admiration.

In their eyes, Lin Ziming was a high god, an unattainable existence for them. He wanted to come up to court but didn’t dare, for fear that it would make Lin Ziming angry and cause disaster.

Guo Junyi waved to them and said, “Fangfang, what are you doing standing there, come here.”

Zhou Xinfang dared to come here. Even so, her face was still very worried, and she walked on tiptoes, being more cautious and careful than ever before, for fear that one of her actions might provoke Lin Ziming.

“Junyi, I am embarrassed about what happened just now. I don’t know that your boyfriend is the chairman. I’m really sorry, can you forgive me!” Zhou Xinfang said nervously. He glanced at Lin Ziming secretly and immediately It took it back again, it was very timid and fearful.

The same is true for other people, looking at Lin Ziming very helpless, why does his appearance look so terrible?

Guo Junyi waved her hand and said indifferently: “Look at what scared you. Don’t be so nervous. We are good friends. What happened today is not your

fault, and you are not intentional. It is only Qiu Yuanming that is hateful, and now he is also Got the punishment it deserved.”

Zhou Xinfang relaxed a little, and immediately she looked at Lin Ziming anxiously, with a very humble attitude, and cautiously said: “Chairman, I didn’t mean to offend you just now... I am here, I apologize to you, hope The chairman can calm down his anger.”

Lin Ziming waved his hand and said, “No, I’m not so stingy.”

Then, Lin Ziming said to the few people standing in front who dared not come over: “Relax, too. I still know the right from the wrong. The matter just now has nothing to do with you, and I won’t embarrass you.”

They slowly relaxed, looking at each other, and then tried to walk over and observe Lin Ziming closely.

Lin Ziming was amused when he saw them being so scared. Does he look so scary?

It was getting late at this point, and Lin Ziming showed a slight impatience. They didn’t dare to stay anymore, and wittily found their own reasons to go back.

“It’s getting late, you go back and rest too.” Lin Ziming said to Guo Junyi with the two of them left.

“It’s only ten o’clock, it’s still early, why don’t you go to my house and sit?” Guo Junyi blinked and said.
