

Chapter: 537

Lin Ziming shook his head and said, “Just go to your house and sit down. I have to go back and report to my wife.”

There was some sadness in Guo Junyi’s eyes, and she gently bit her lip and said, “Are you afraid of your wife?”

“It’s not fear, but respect. Forget it, you don’t know anyone who has been married.” Lin Ziming said.

Guo Junyi wanted to refute, but Lin Ziming didn’t give her this opportunity. She stopped the taxi on the side of the road and was so angry that she stomped her feet hard, snapped her fingers, and came out a few bodyguards from the narration street. Take her home.

After Lin Ziming returned home, it happened that Chu Fei was already at home. When she approached, Chu Fei sniffed vigorously, smelling the fragrance of the woman on Lin Ziming’s body, and her expression changed slightly.

As a woman, she is very sensitive to women’s scent, and she can smell it naturally. This is a very high-class perfume for women.

Lin Ziming screamed bad, he was careless, because Lin Ziming was very nervous because of his previous record, and when he wanted to explain, Chu Fei said, “Don’t be nervous, I believe you.”

One sentence blocked Lin Ziming back.

Since Chu Fei had said so, he seemed a little guilty to explain too much.

It was strange that Chu Fei knew that Lin Ziming was with other women tonight, but there was too much negative emotion in her heart, and she was a little relieved that she couldn’t tell.

Later, after reflecting on it for a long time, she realized that it was because Lin Ziming was too good. After learning about Lin Ziming’s identity, she had developed an inferiority complex in her heart, thinking that she was just an ordinary woman, and she did not have this blessing to dominate the forest. Ming’s. And she also knew that a good man like Lin Ziming would definitely be favored by many women. May I ask which successful man has only one woman in his life? This is unrealistic. Especially after she became the chairman of Shengke Lighting, she met many big bosses and understood this better.

So she has done something about Lin Ziming’s new love, as long as Lin Ziming has her in her heart, that’s enough.

Next, Lin Ziming spent most of his time on the new company, and subsequently increased a sum of money investment, planning to start the company within three years.

This day the new company opened grandly. Originally, as the biggest boss, he was going to cut the ribbon on the spot. Many media and reporters came to live broadcast on major TV stations. This was a very grand scene.

Helpless Lin Ziming is a very low-key person. The more publicity he is, the less interested he will be. Therefore, Wang Shougui and Han Jinlong are left with the task of cutting the ribbon, and he will obediently be the big boss behind the scenes. Up.

After the establishment of the new company, ordinary people have no feelings, but for the upper class people, the awe of Chairman Zi Qiong is deeper, because everyone in the circle knows that this company has a registered capital of up to 2 billion. The big boss of the advertising company is Chairman Zi Qiong, and Wang Shougui and Han Jinlong are just minority shareholders.

In addition, Lin Ziming has done a lot of deterrence among the people recently, so slowly in the circle, there is a saying that 'Ning to rap the king, don't offend Lin Dong'.

Lin Ziming allocated two billion to set up a new company. Not only did he have less money, but more, his balance had exceeded 60 billion, and it was all cash flow! This is a terrible thing. Even many large domestic companies may not have so much liquidity in their hands.

Lin Ziming is in control of the money, so naturally he will not be so stupid as to only eat interest, he will continue to invest and expand his strength.

At the same time, a mysterious place in China.

Somewhere deep in the forest, a village with a radius of ten miles was actually built, and the equipment in this village is extremely advanced. On the surface, it looks like a very peaceful small village. In fact, there are many high-tech weapons inside. Dare to break in privately, there is only one dead end.

Halfway up the mountain in the village, there is a house made of bamboo and wood. Inside, there lives a woman who is graceful and luxurious, with a touch of sorrow between her brows. She is already fifty years old, but her skin is well maintained. It was very good, except for some crow's feet in the corners of the eyes, at first glance, I thought it was a young woman in her thirties.

She lives in the house, embroidering, piercing the appearance of a young man.

If Lin Ziming were here, you would be able to tell that this young man looked exactly what he looked like four years ago!
