

Chapter: 540

Qin Yuehua held the neon clothes with her backhand and said, “Nine clothes, thank you very much.”

Nishang smiled and turned the country into the arms of Qin Yuehua, her little daughter, and said: “It’s not hard at all. The life of Nishang is given by my aunt. Now my aunt is left with brother Ziming. Naturally, I have to help my aunt to protect his brother Ziming.”

Qin Yuehua gently stroked Nishang’s hair, with infinite tenderness and kindness in her eyes, and said: “Nishang, the auntie picked you back in the first place. The aunty made the most correct decision in her life.”

Nishang said: “Nishang can follow my aunt in this life, which is the greatest blessing of Nishang’s life. If it is not for my aunt, I don’t know what it means to live in the world.”

“Silly girl.” Qin Yuehua said with a smile.

Thinking of something, Qin Yuehua said again: “I heard that the organization arranged for you a talented man to help you get married. Did you go to meet and how do you feel?”

Nishang’s face immediately showed a repulsive and disgusting expression, and said: “I’ve seen him, a pervert, so I don’t want to marry him! I won’t marry anymore in my life. His servant girl, hee hee.”

Qin Yuehua kissed her forehead and said angrily: “You girl, what are you talking about? A woman is incomplete if she doesn’t marry. It’s rare for people to take a walk in the world. Every life deserves. Living for yourself, or you are ashamed of yourself, you know? Besides, my aunt has hands and feet, and she lives well, where is it worth your protection. You, let’s find a good family to marry you. Your condition is so good, it would be a waste not to marry.”

Nishang’s face blushed and said, “Auntie, even you teased me. It was you who told me that the outside of a person is just a skin, and the real soul lies in the mind.”

Qin Yuehua blinked and said, “Have I said such a thing?”

While the two of them were chatting, a few people came from a distance. When Nishang saw them, she frowned and said with anger and hostility on her face, “They are still unwilling to let go. Auntie, too much! No, I have to report it to the organization!”

Qin Yuehua grabbed the neon clothes and shook her head and said, “Don’t act rashly about the neon clothes. This is the life of my aunt, and no one else can change it.”

Nishang said unwillingly: “But Madam, you have already been punished, and the Holy King refuses to let you go! Besides, you have never done anything to harm the organization! The Holy King is doing too much!”

Qin Yuehua hurriedly covered Nishang’s mouth, staring at her to stop her

from speaking, and sternly said: “You are not allowed to slander the saint king like this in the future, do you know, otherwise you don’t recognize me as an aunt!”

Nishang bit her lips tightly. She didn’t know that her aunt was so fierce that she was trying to protect her. The more so, the more sad she would see her suffering.

After a while, those few people walked in front of them. Three men and two women were wearing ancient clothes. They were tall and tall and had an extraordinary temperament on them, which were different from most ordinary people in society.

“Qin Yuehua, it’s time to get the baptism.” A handsome man among the five said with a blank expression on his face.

Nishang immediately said angrily: “It’s been four years since the baptism, any sins should be washed away, why do we need to go to the baptism!”

The handsome man directly ignored the neon clothes, his eyes only looked at Qin Yuehua.

Neishang saw their unreasonable appearance, and her heart burst into anger. Her position in the Luo Tian organization was not low. The five people in front of her belonged to her subordinates. They should have been respectful to her, but they turned out to be so arrogant. .

However, when she wanted to say more, Qin Yuehua stopped her, took a step forward, and said, “Okay, I will go with you.”

“Auntie...” Ni Chang caught up.

Qin Yuehua turned her head to face the neon clothes, her eyes revealed her meaning, and asked her to guard Lin Ziming. After the neon clothes understood, she bit her lip heavily and nodded slowly.
