

Chapter: 541

Seeing Qin Yuehua being taken away with her own eyes, even if the neon clothes were unwilling to do anything, now she has no idea what to do. Finally, she looked at the embroidery falling on the table, and the appearance of Lin Ziming on it was so public and energetic, she muttered. Said: "Ziming, I hope you can really grow up and lead your aunt out of the sea of suffering."

Lin Ziming has become busy again during this period. As the chairman of the two companies, he has a lot of things to deal with, especially when a new advertising company is set up. No matter how he does it, there are many big decision-making directions. , I still want him to sign.

And now he is getting more and more into the upper class, and in the sight of the boss-level, many people have begun to ask him for dinner.

There are some necessary meals, and he has no way to shirk it.

Everything in this world has pros and cons. There are gains and losses. The higher a person's position and the greater his accomplishment, the less freedom he has and the more things he has to take into consideration.

Lin Ziming is in this state now, his status has been up, but time is short.

Fortunately, his ability to see people is more accurate. After he was busy in the necessary period in the early stage, he immediately found a professional team to slowly distribute the tasks, and he only needed to be the helm behind the scenes.

So after working hard for half a month, he now finally starts to relax.

"boom!"

With a punch, Lin Ziming smashed the sandbags, and the iron sand inside flowed out. He shook his head and said, "These sandbags are too brittle and can't withstand my punch."

Next to him, there were already a dozen sandbags that were broken by him in this way, and even the international heavyweight boxers would be shocked when they saw this scene.

Ugly Lord came over and said, "Your strength has surpassed the peak that ordinary humans can reach. Naturally, these sandbags have no way to withstand your heavy blows."

Lin Ziming took a towel, wiped his sweat, and then asked, "How many people like me are in the Luo Tian organization?"

Ugly Master said with a weird expression: "Do you really want to know?"

Lin Ziming has already seen the answer from his expression. He said, "It seems that your organization is not simple. You have specialized training methods to train so many masters."

Chou Ye said: "That's natural. The leader of the Luo Tian organization is an

extraordinary figure. In just a few decades, he has grown the Luo Tian organization to such a scale. To some extent, he is close to being a god.”

Lin Ziming asked again: “Have you seen him?”

Ugly Master shook his head and said that he hadn’t seen him before, and then he said, “There are very few people in the world who have seen him. Little Master, this is not something you should care about, it’s too far away.”

Lin Ziming could hear the contempt in the Ugly Master’s tone, and he did not respond, because it was a fact. The more he contacts now, the more he knows the horror of the Luo Tian organization, regardless of his current status and wealth. , It is still far behind the Luo Tian organization.

After a while, Lin Ziming said again, “Is there any way I can break through the bottleneck and improve my realm?”

The ugly master thought for a while and said: “In a few days, there will be an auction in Fengcheng. I heard that someone seems to have brought out the Xisui Pill for auction. If you can buy it, it should be helpful to you after taking it.”
