

Chapter: 547

Tao Sanniang breathed a sigh of relief when Lin Ziming was angry. Although her energy is not low, she is one of the top of Yuntian Pavilion, but for businessmen like them, one less person can be offended, and one more can be paid. Friends are the best. Besides, she must have a deep background to receive people like the ugly master from her subordinates, and she doesn't want to provoke such a big man!

After she relaxed, she began to look at Lin Ziming carefully, and found that Lin Ziming looked very ordinary on the surface, but when she looked closely, she could find that Lin Ziming was very indifferent, exuding self-confidence in her bones, and there was nothing in the Yuntian Pavilion auction. Nervous and curious, this is obviously the person who has seen the big scene.

In this way, it is really possible that someone is the young master of the ugly master.

And the reason why she couldn't see the depth of the other party, there is only one possibility, that is, her cultivation base is not at home, and the realm of the other party is too different, and this situation will happen.

After understanding this, she became even more in awe of Lin Ziming. At the same time, her eyeballs turned. Since she is sure that Lin Ziming is a big man, she can completely flatter her.

"I don't know your young master's surname?" Tao Sanniang's eyes rolled and she returned to her coquettish and charming look, her eyes eagerly placed on Lin Ziming's face, her beautiful eyes were affectionate, and any man who was so flirted with her would catch fire in her Dantian.

Lin Ziming's instinct as a man, facing such a stunner, it is difficult for him to feel as if he is still in the water, and there are still some ripples. Fortunately, his cultivation level was very deep, and in a short breath, he suppressed the heat, and said lightly: "My name is Lin."

"Oh, it turned out to be Young Master Lin. I have been admiring my name for a long time!" Tao Sanniang smiled charmingly on the surface, and went crazy in her mind. She remembered which family named Lin was very powerful, and she soon thought of it. The Lin family of Hwaseong said, "Master Lin, Sanniang took the liberty, are you from the Lin family of Hwaseong? Lin Shanhe belongs to you?"

Lin Ziming said indifferently: "I have something to do with the Lin Family. You don't have to guess, I am me, and have nothing to do with anyone. I came to Yuntian Pavilion this time just to buy some treasures."

When Tao Sanniang heard this, she felt that Lin Ziming was even more mysterious, and she didn't dare to offend it easily. She nodded and said: "That's that, Master Lin, you are our honorable guest of Yuntian Pavilion. Sanniang Rong will arrange one for you. New seats, how about?"

Lin Ziming was hypocritical, nodded and agreed.

Next, Tao Sanniang personally arranged a VIP seat for Lin Ziming and Chou Ye, and arranged for a young lady to come up to serve, and the treatment was particularly good.

After Tao Sanniang left, Lin Ziming took a meaningful look at the ugly master, which immediately blanked the ugly master's brain, and felt fear in his heart, and hurriedly lowered his head.

Lin Ziming's eyes were clearly warning him!

Because he didn't get Lin Ziming's consent just now, he arbitrarily said Lin Ziming's identity and put it on the bright side. With Lin Ziming's low-key personality, he was not happy to see this situation.

Ugly master sighed with emotion, the young master is indeed the son of the saint, his strength is growing every day, and now he can't stand the coercion of the young master.

How long did Lin Ziming and Chou Ye sit down? From the door of the auction house, a group of people walked in. Among them, walking in the middle was a tall, burly, star-eyed young man wearing a custom suit and full body. The aura that came out was huge. After he came out, he seemed to have taken away the luck of the audience, standing out from the crowd. Everyone was a foil in front of him.

And beside him, there was an acquaintance of Lin Ziming, not anyone, it was Zhang Yaodong, the guy who was sent to prison by Lin Ziming because he wanted to betray Chu Fei.
