

## Chapter: 559

The more you can't see through, the more it means that Lin Ziming's realm is high.

As for Tao Sanniang, her expression was even more shocked now, looking at Lin Ziming deeply, her heartbeat also accelerated a lot. She is also a high-level member of the Yuntian Pavilion. She has held many auctions and met many big people, but she is young and bold like Lin Ziming. This is the first time I have seen him. The main reason is that Lin Ziming is very young, only in her twenties. age.

Especially Lin Ziming's calm, introverted, heavy temperament, inexplicably moved her...

The Ugly Master was also a little shocked, and couldn't help looking back at Lin Ziming.

Yes, it was his idea to call Lin Ziming over to participate in the Yuntian Pavilion auction tonight. Later, it was his plan to have an affair with Gu Hanxing, but what he didn't expect was that Lin Ziming knew that it was his arrangement and volunteered. Stepping in, and in such a publicity manner, Gu Hanxing was offended to death.

Now he is getting more and more unable to understand this young little master...

When Gu Hanxing heard the number of 1.8 billion, his teeth were about to be broken, 1.8 billion! He bankrupted and couldn't get the money, unless he called his old man Gu Xuan to get the money.

The key is that Lin Ziming will continue to bid for prices.

This means that he can't photograph this marrow pill!

Now he really wants to kill people.

The supporter has never seen this battle before. He swallowed hard and said, "Mr. Gu, this Mr. Lin is asking for 1.8 billion. Do you want to pay a higher price than him?"

I'm out of your mother!

Gu Hanxing yelled wildly in his heart. Now he no longer felt anger and hatred, but regret. If he had known this way, he shouldn't have provoked Lin Ziming just now! Otherwise, how could it cause so many things! The more he thought about it, the more he hated Zhang Yaodong and gritted his teeth.

Feeling Gu Hanxing's hatred for him, Zhang Yaodong throbbed his whole body, shivering, and almost peeing on his pants.

"Wait a minute! I'll make a call!" Gu Hanxing gave an order and then began to call. This matter has been out of his control. He has to ask his father Gu Xuan to report.

After a while, the call was connected.

"Hey, Dad, it's me, I'm at the Yuntian Pavilion auction... Xisui Pill, still not photographed, it is like this, there is a little problem..."

After Gu Hanxing finished his explanation, an energetic voice came from the phone, "I have to take pictures of this marrow pill anyway!"

"That money..."

"I will say hello to Yuntian Pavilion."

After hanging up the phone, Gu Hanxing regained his high spirits. He swept away the decadence and irritability he had just now, revealing his signature evil charm and maniac smile, holding up the sign and saying, "Two hundred million."

Then, he deliberately looked at Lin Ziming with provocative eyes, full of provocation.

Lin Ziming frowned, he thought for a while and decided to give up.

When Gu Hanxing saw him like this, he was even more proud, and said, "Didn't you just pull it out? You are shouting, why didn't you shouting?"

Lin Ziming closed his eyes and ignored him. From Gu Hanxing's point of view, it was a gesture of admitting defeat.

However, what he didn't see carefully was that the corners of Lin Ziming's mouth evoked a faint arc invisibly.

In the end, this first-grade marrow pill, refined by the master of the soul house, was photographed by Gu Hanxing at a cost of 2 billion.

Everyone was shocked by Gu Hanxing's boldness. At this moment, Lin Ziming seemed to have become a loser again.

However, when Gu Hanxing just got the Xisui Pill, the host on the auction stage heard the words in the headset and was stunned for a few seconds. Then he said: "Dear guests, I just got a new message. Master Hunshe refined two marrow pill, and they are also the best marrow pill of better quality. The starting price is 200 million yuan, and the one with the higher price will get it."

Everyone was stunned when they heard what the host said, including Gu Hanxing.

In the next moment, Gu Hanxing's face changed frantically, his body trembled violently, his heart attacked, and a mouthful of blood spurted out with a wow.
