

Chapter: 571

Another boy said: “Look, Chu Fei said that she wants to go home. If something is wrong, she is afraid to meet Zhang Yaodong. After all, Zhang Yaodong had a past with Chu Fei before.”

When these words were said, Chu Fei’s face changed again. What she hates most now is Zhang Yaodong. If it weren’t for Chairman Zi Qiong’s appearance in time six months ago, she would have given her to Zhang Yaodong!

She didn’t expect a good old classmate gathering tonight would turn into this, she had known that she would not come.

When other students heard this, they also showed intriguing expressions, thinking that Chu Fei was escaping from Zhang Yaodong, and at the same time, looking at Lin Ziming, the expression was even more gloat, even with some ridicule.

Lin Ziming felt amused when he saw them like this. Would he be afraid of Zhang Yaodong? I was afraid that Zhang Yaodong would be scared to pee his pants when he saw him.

However, he didn’t bother to explain such things. Now he has broken through the innate realm and has a watershed with ordinary people. He simply ignores these ridicules and misunderstandings, and just smiles.

But Chu Fei was different. She cared about this very much. She couldn’t help but lose her temper. She patted the table and said angrily: “Bai Juncai! What are you talking about? Who said that Zhang Yaodong and I have passed. He and I have always been innocent! Don’t spray people with blood.”

Bai Juncai laughed happily, “Since you and Zhang Yaodong are innocent, why should you escape him? Isn’t this smashing yourself in the foot?”

Bai Juncai was also one of Chu Fei’s suitors when he was in college before. He wrote a love letter to Chu Fei, but Chu Fei relentlessly rejected it.

If Chu Fei married a rich boss, it’s fine. He is ashamed, but now Chu Fei married an ordinary person or a door-to-door son-in-law. He feels very upset, thinking that Chu Fei would rather marry an ordinary person. People do not marry him, just look down on his performance.

In fact, many people present have similar ideas.

When Chu Fei still wanted to talk, Lin Ziming stopped her and said with a weird expression: “I am a little curious, according to what you say, is Zhang Yaodong very good? No one else has it yet. You are all rushing to take pictures of him. Flattery.”

When he said this, everyone present looked at him with silly eyes, and Bai Juncai said, “Are you really ignorant or phony? Zhang Yaodong is the youngest son of the Hongyang Group, rich. He is handsome, and I don’t know how many women like him. Do you think toads eat swan meat like

you do?”

Someone said: “You know he is pretending just by looking at him. He deliberately pretended not to know Zhang Yaodong. His acting was flamboyant. Who didn’t know that Zhang Yaodong had always been in love with Chu Fei. I think it was his idea to make Chu Fei. When I left, I was afraid of seeing Zhang Yaodong.”

“It’s so pitiful, even my own wife can’t hold her back, and she wants to steal someone away.”

“This is not a very normal thing. He is Chu Fei’s door-to-door son-in-law. He is just an ordinary person. How can he compare with Zhang Yaodong? He won’t let Chu Fei go. Could he stay and watch Chu Fei flirt with Zhang Yaodong? ?”

Seeing that they were getting more and more exaggerated, Lin Ziming didn’t have any reaction, but Chu Fei couldn’t bear it anymore. She said loudly, “Enough! Who said that my husband is afraid of Zhang Yaodong? It’s nonsense! Let me tell you, my husband is a super boss. When Zhang Yaodong sees my husband, he will definitely not even dare to put a fart!”

Chu Fei finished speaking excitedly, but after listening to the others, they laughed out loud, thinking that Chu Fei was telling a joke.
