

Chapter: 572

“Hahaha, I heard something wrong, right? Zhang Yaodong didn’t dare to put one fart when he saw this guy? I think he was waiting for Zhang Yaodong, this guy didn’t dare to put one fart, right!” A man was just shot by Lin Ziming. After drinking a lot of wine, the brain began to excite, and he didn’t care that it would offend Chu Fei, and said nonchalantly.

In fact, all the men present drank a lot of wine, their minds were not sober, they tore off the usual gentle disguise, and spoke out the most primitive thoughts in their hearts.

“It’s so ridiculous. I don’t pee and look in the mirror. What kind of stuff do I dare to challenge Zhang Yaodong? Zhang Yaodong is now a big boss, with a net worth of tens of millions. What do you compare with others depends on what you wear. Is this a Baleno?”

“I didn’t know what it means to sit on the well and watch the sky, but now I have seen it.”

“I don’t think it is as simple as sitting on a well and watching the sky, but I am self-knowing and knowing whether to live or die!”

“Wait, Zhang Yaodong is on the road, he will be there soon, and when Zhang Yaodong comes, you will know that it is amazing.”

They all made no secret of their contempt for Lin Ziming, and they even ridiculed Chu Fei in.

Especially those female classmates, they are far inferior to Chu Fei in appearance. They usually do not show up on the surface. They are dissatisfied with Chu Fei deep in their hearts and are hostile to Chu Fei. Now they see that Chu Fei actually married I am still very happy when I am an ordinary person, or a door-to-door son-in-law, and I am especially looking forward to what it will be like when Zhang Yaodong arrives next time.

Chu Fei was so angry that she was crying. She couldn’t understand why these classmates were all fine when they ate just now, and why they all targeted her like this all of a sudden!

Her nose was a little sour and she was particularly wronged. At this moment, Lin Ziming held her hand and said softly, “Fool, what can be wronged? When Zhang Yaodong comes, I will help you out. come back.”

Chu Fei felt a lot more comfortable when she heard what he said, but she still didn’t relax completely, because she knew Zhang Yaodong’s personality was particularly stingy, and she had to be compared with each other. She loved to bully Lin Ziming before.

Even if Lin Ziming is Chairman Ziqiong, Zhang Yaodong doesn’t know. After Chu Fei speaks out, Zhang Yaodong will definitely not believe it. This time he will lose his face, alas!

Chu Fei sighed for a long time. It was really depressing to think that she

would become the chairman of Shengke Lighting.

Lin Ziming could see Chu Fei's thoughts at a glance. He didn't have to explain it, and the truth would come to light when Zhang Yaodong came. Now I gave Zhang Yaodong a hundred people who didn't dare to fight him, so he didn't bother to say anything, and sat down to eat.

Speaking of his retreat, he didn't have a good meal. Now he is hungry and feels that a cow can eat it.

Compared with the acquired peak, the congenital realm is a step forward like a dragon. Whether it is physical fitness or spiritual realm, there is a huge enhancement, and more energy is needed. Now Lin Ziming's appetite alone is comparable to that of five people. If he let go of eating, ten people would not be able to eat him.

Chu Fei saw that he was still in the mood to sit down and eat. She was very depressed, but she couldn't say anything, so she sat down and watched Lin Ziming eat.

As for the other people, seeing Lin Ziming gorging and hungry ghosts reborn, they ate half of the food on the table in a short while.

The food at this five-star hotel is well done, and it is quite to Lin Ziming's taste. Lin Ziming let go of his food, not caring what others think of him.

Originally, his character just didn't care about what others think of him. Now that he has broken through his innate realm, what has changed dramatically is not just as simple as force and spirit. The most important thing is his mentality, in a sense. In front of him, these ordinary people are just ants. How can people care about ants' views?

"Feifei, don't you want to eat it?" Lin Ziming asked Chu Fei.

Chu Fei shook her head and said, "I've already eaten, and I'm not hungry."

"Okay." Lin Ziming nodded. Chu Fei was a little worried when he saw him devouring so much, and said, "Would you like to eat slowly, or eat so fast, it's easy to eat bad stomach."
