

Chapter: 576

Lin Ziming was particularly embarrassed by Zhang Yaodong. After eating his meal, he and Chu Fei left together. The others did not dare to take a breath. After they left for almost a minute, someone swallowed heavily. , Said cautiously: “Didn’t you say that Chu Fei’s husband is a son-in-law? How could...”

This question hit everyone’s heart. Who is Lin Ziming?

Someone secretly looked at Zhang Yaodong.

Now Zhang Yaodong’s face was green, and he walked to the door and looked around to make sure that Lin Ziming and Chu Fei had really left. He breathed a sigh of relief and walked back to the box again, regaining his initial arrogant posture, frowning. In a slightly threatening tone, he said, “No one is allowed to say anything about today, otherwise I will be against Zhang Yaodong. My energy is not as good as Lin Dong, but it is easy to get you guys out.”

After speaking, he put on sunglasses and left with the two bodyguards.

After more than ten seconds, a man said sourly: “Cut, what pretend to be, in front of Chu Fei’s husband, he is not as good as a dog.”

“Yeah, I got down on my knees. It’s just a pug.”

“What Mr. Zhang, I think it’s almost the same as Zhang Gou.”

Several men were sure that Zhang Yaodong was also gone, and began to speak ill of Zhang Yaodong, to show their prestige in front of other female classmates.

“You dare to say bad things after Zhang Yaodong is gone. Why didn’t Zhang Yaodong dared to beep when Zhang Yaodong was here?” A woman with rich makeup and a bit of beauty said disdainfully.

Immediately another female classmate followed and said: “Yeah, even if they kneel down, they will be better than you. Anyway, they are big bosses with a net worth of tens of millions. Are you still working people, compared with others? ?”

“When Zhang Yaodong came just now, did you forget how you were flattering?”

“I am so embarrassed to laugh at Zhang Yaodong, there is a kind of thing you run to Zhang Yaodong and say!”

Faced with the irony of many female classmates, these male classmates’ faces are not very good-looking, but they can’t say anything to refute, because they are really afraid of Zhang Yaodong. In case someone gives a small report to Zhang Yaodong, they Can’t bear it.

“Well, I thought I had a better life than Chu Fei. It turned out that I was passionate. Chu Fei married a super boss, and I can’t even provoke people like Zhang Yaodong.”

When these words were said, all the female classmates also expressed

sadness. When they were in college, they were overwhelmed by Chu Fei. They originally thought that this state would improve after graduation, but the gap was widening.

On Lin Ziming's side, after he and Chu Fei came out of the hotel, they didn't go home directly, but planned to go shopping nearby, right now for a date.

Speaking of them, they have been married for so long, and they haven't dated well.

"Why did your appetite become so big all of a sudden? Don't you support it?" Chu Fei asked curiously. She looked at Lin Ziming's stomach, it was very flat and there was no bulge.

Lin Ziming said: "My martial arts have improved a bit, so my appetite has increased."

"Oh." Chu Fei nodded, she didn't understand martial arts at all.

"Why don't you ask me, why is Zhang Yaodong so afraid of me?" Lin Ziming was a little curious.

Chu Fei said, "When did you bully him? He was so afraid of you. Do you still have to ask?"
