

Chapter: 585

Because of this nature, it is destined that not everyone can be a security company. This is Wang Shougui's concern.

Lin Ziming naturally knew this truth, and smiled and said: "I don't want to make a big one from the beginning. In the early stage, I trained a batch of high-quality bodyguards to protect the people around me, and then slowly add them later. Big investment and development to a higher level."

Wang Shougui nodded after listening. If he did this first, he could do it. But there is also a problem right away...

He said, "Chairman, as far as I know, if you want to establish a security company, you have to worship the dock..."

"By the dock?" Lin Ziming was a little surprised when he heard these words. It's the 21st century now, why is there such a thing?

Wang Shougui nodded solemnly and said: "Yes, almost all security companies in the South are now monopolized by the Beitian Club. Chairman, if you want to establish a new security company, you must go to the dock and get the consent of the Beitian Club. Only if you are qualified to open it, otherwise you can't do it anymore."

The Northern Heaven Meeting, the Northern Heaven Meeting again, Lin Ziming showed a weird expression, it seems that he and this Northern Heaven Meeting have collided.

Lin Ziming thought for a while and said with a smile: "What will happen if I don't go to the pier?"

Wang Shougui shook his head and said, "Chairman, it's best not to have this idea. The North Sky Club is very powerful in the south. If you don't go to the dock and open a security company without authorization, you will be disrespectful to the North Sky Club and they will come up to look for it. It's troublesome. I won't be able to deal with it by that time, and it is very likely that it will affect Zi Qiong and Tengyue (the newly established advertising company)."

"In this way, then go to a dock." Lin Ziming said easily.

Seeing that Lin Ziming was so calm, Wang Shougui couldn't help but reminded: "Chairman, it's not that I don't believe you, but that the Beitian Club is so easy to deal with. They are all a group of martial artists and they said they would go to the dock. It can't be done with money. You must have a bit of hard power and get their recognition before you can be qualified to open a security company. After you open the company, you have to pay tribute to them every month. Their style is extremely domineering. So I don't recommend that you open a security company. If you want to hire a bodyguard, you can go directly to the Beitianhui bodyguard. The price is a bit more expensive, but you can buy Ping An."

As everyone knows, Lin Ziming laughed loudly after listening, asking him

to buy a bodyguard from the Beitian Club. It was impossible. He asked the bodyguard to protect the people around him. Isn't it just to guard against the Beitian Club?

Wang Shougui did not understand why Lin Ziming laughed so loudly, and was very confused.

I saw Lin Ziming say: "It is impossible for me to cooperate with the North Sky Club. Let me tell you this. I have a grudge against the vice president of the North Sky Club. I set up a security company to fight the North Sky Club."

"What?!" Now it was Wang Shougui's turn to be shocked. He didn't even think that Lin Ziming would have a grudge with Beitian. Now he felt extreme fear, and his hands and feet became cold.

Lin Ziming squinted his eyes and stared at Wang Shougui meaningfully, "Why, are you scared?"

Guru!

Wang Shougui swallowed hard. He was indeed scared. The North Sky Club is a huge monster. Even though he is now the president of Ziqiong Media, it is very beautiful, but compared with the North Sky Club, he is just a small person.

"Chairman, how did you provoke the Beitian Club? This Beitian Club is not easy to provoke..." Wang Shougui said palely. Compared to Wang Shougui's panic, Lin Ziming seemed much calmer. He leaned back on the boss's chair and said in a lazy manner: "You don't have to worry about this. I must open a security company. I will also take care of the Tianhui. You will help me contact some retired special forces who can bear hardships and stand hard work, or civilian training families, send them to me, pick a time, and I will personally go to the North Tianhui to worship the dock."
